Forecaster

Hi Barack,

Life, in common with the planets, moves in cycles and knowing when those cycles begin and end is invaluable when it comes to living your life to the full.

As the planets move around the zodiac they form angles or 'aspects' to the planets in your birth chart. In astrology these 'aspects' are known as 'transits' and your personal transits are interpreted in the pages that follow, together with the exact date each planet enters the orb of influence and finally exits.

Your Forecaster details the movements of the Sun, Mercury, Venus and Mars - known as the personal inner planets - that signify variations in your level of vitality and your feelings, what you value most as well the way you think and assert yourself.

Events therefore occur in differing ways according to the natal planet positions outlined in your birth chart. There will not always be an exact transit or interpretation shown for every day.

Sometimes you will notice the interpretation is repeated, because at certain times, when viewed from the Earth, the planet involved may appear to move backwards, then forwards over a specific time period, re-creating the same 'transit' several times. Similar to when 2 trains travelling in the same direction, pass one another at different speeds, the slower train when viewed from the fast one appears to go backwards. This apparent backwards motion of planets is known as 'retrograde' motion, when this occurs it is indicated by the RX retrograde symbol.

Your Forecaster should only be used as a helpful guide. At all times it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

Retrograde Motion of the Transiting Planets and Why Interpretations Repeat

The illusion of the retrograde motion of the planets on their orbit - can be likened to when a train passes another - the slower train appears to be going backwards.

Astrologers treat triple transits quite seriously as it shows where you have an opportunity to think again about your actions before the aspect finally completes.

This is in fact a fairly common event. It happens when the transiting planet goes retrograde - briefly, it means that the planet seems to go backwards from our viewpoint on Earth. The transiting planet contacts the natal planet first moving forward ("direct"), then it appears to reverse direction, contacting the natal planet a second time.

The transit can form a precise aspect three times forward/direct and twice backward/retrograde before it is totally over. The transit continues to be felt during the intervening period. You'll sometimes see the same transit "repeated" three, or even five times in a relatively short period.

Planets that form an aspect to a natal planet and then go stationary signal very potent and much longer-lasting effects. Direct planets which form such an aspect and then go retrograde can move over the same point several times, which prolongs the transit well beyond its normal "single pass" duration.

Whatever began on the "first contact" may seem to reverse itself, seemingly needing to be reconsidered and re-attempted... the scheme, conversation or relationship isn't going forward as originally expected.

Then, when the retrograde is over, the transiting planet advances again ("goes direct"), and connects with the natal planet again!

For this reason all transit Forecasts reports repeat paragraphs when necessary and transiting planets will unavoidably appear to turn from direct to retrograde, and then back to direct again - and will often transit a natal planet or point several times.

Long Term Trends

Developing or Exaggerating Trends

Jupiter trends from 21st August 2015 to 20th August 2016

June 9th 2015 onwards to August 20th 2016

Relationships

Jupiter transits your natal 7th house

♃ 7th

Relationships with others should work well at this time, teaching you more about yourself. You will now meet people who can help you and in turn, you will shower loved ones with generosity, spoiling them with an abundance of affection and small gifts. A new lover may come from a completely different culture or background, possibly someone older or from abroad. Legal matters should also work out to your advantage but beware overconfidence. Do not overlook details, which could trip you up. This is also a good time for medical consultations or therapy of any kind.

August 21st to 31st 2015

Forge ahead

Transiting Jupiter Square your natal Moon

♃ □ ☾

An event from the past may now influence present and future plans. Your mind will be full of ideas for the future. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path; especially emotional obstacles.

You now feel more in touch with your own inner self and inner emotions - but take care that you are not deceiving yourself. The face that you are now presenting to the world; is that the real you or what you think the world wants to see? Are you being too idealistic and perhaps just a little unrealistic?

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your conduct selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom and then refuse to give it!

September 7th to 16th 2015

Determination to succeed

Transiting Jupiter Conjunction your natal Pluto

♃ ♁ ♃

Start of new 11-12 year period of 'belief in destiny'

This is a time of great determination, an almost obsessive determination to succeed in attaining your personal goals and ambitions. You will work harder than ever before to make the very best of any given situation.

This is your chance to be a leader, to better yourself - to make the very best of your own creative potential. Many projects will now culminate in a successful dream come true. This is not so much luck, as others may see it, but the hard earned rewards for all your efforts in the past. Any success achieved now, whether personal or financial, will have been hard fought and well deserved.

A boost to finances may come through legal, tax or insurance matters - but take care not to become obsessed with material possessions and money.

You may now also seek a better understanding of the mystical and religious side of life - seeking to find answers to previously unanswered questions. The metaphysical sciences, in particular, may attract you.

September 14th to 24th 2015**Give up the grudge**

Transiting Jupiter Sextile your natal Neptune

This is a time when very little will anger or irritate you; even if something goes wrong you will be philosophical and able to put it into perspective. You may even decide to call a truce with previously held grudges.

Good fortune may also smile upon you, perhaps through some legal matter or speculative investment. So, if a financial bonus does come your way - enjoy it!

Help and support may come from established and respectable sources, possibly from older people, or from your parents, or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

This is a time of learning, a time when lessons and knowledge can be absorbed more easily. Life will flow more easily and much can be accomplished with seemingly very little effort.

But don't just sit back and expect opportunities to 'drop into your lap'. You must be prepared to both look for, and create, new opportunities for yourself.

December 5th 2015 onwards to February 9th 2016**Calculated risks**

Transiting Jupiter Conjunction your natal Mars, REPEATED when direct from 28th July 2016 to 8th August 2016. Exact 3rd August

Start of new 11-12 year period of 'self assertion'

Armed with more energy, enthusiasm and motivation, you'll now be ready to tackle any obstacle head on! Nothing and no one can now stand in your way.

It's time to set your targets, especially concerning career and business matters. Once these targets are set, then plot a direct course and aim straight for the top! If necessary, change jobs or even consider starting your own business. There couldn't be a better time to take a few calculated risks.

Whatever you begin now should flow smoothly and work out very well. The luxury of good fortune, coupled with hard, but satisfying, work should bring excellent results.

Other financial advantages may come through legal matters, especially those involving inheritance, or through insurance or tax payments.

Feeling competitive, energetic and strong, you're likely to involve yourself in sports or physical activity of some kind. Women are also likely to give birth during this time; that task requires a great deal of energy!

But do remember that too much exuberant and constant activity could eventually wear out even the most powerful of batteries. If you want to prolong the benefits of this transit, then occasionally sit back and rest. Don't overwork your system; treat your body with the respect it deserves.

August 11th to 22nd 2016**Lucrative times**

♃ △ ♃

Transiting Jupiter Trine your natal Saturn

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different - and whatever you do start during this time should turn out well. Business deals should be particularly profitable around now.

Financially, this could prove to be an extremely successful and lucrative time. Feeling confident that you have the Midas touch, you will be willing to take a few calculated risks. Just make sure that they have been properly considered before rushing headlong into making major financial commitments.

Taking up some kind of new study or retraining could also work to your advantage. Be brave enough to take a bold step forward towards a new path or direction. Any decisions made now should work to your benefit even if you don't reap instant rewards.

As you will also be feeling so loving towards friends, lovers and family, why not consider taking a holiday now with someone you love? Or, if you can't get away, maybe the holiday will come to you as you could get surprise visitors from abroad; perhaps even family you haven't seen for a long time.

August 20th 2016 onwards to October 11th 2017**Resources**♃ 8th

Jupiter transits your natal 8th house

There is a possibility of an inheritance, or financial benefit through property, insurance or other people's resources. This could also be an excellent time to establish a new business partnership to request money or a loan from others, as they will now be more willing to help. No matter how disruptive, upheavals and changes in your life should work to your benefit and ultimately be for the best. Religious and spiritual matters may fascinate you and your philosophy may now be influenced by metaphysical or esoteric interests and beliefs.

Steadying or Challenging Trends

Saturn trends from 21st August 2015 to 20th August 2016

June 15th 2015 onwards to September 16th 2015**Day by day**

♃ ♂ MC

Transiting Saturn Conjunction your natal MidHeaven

Start of a new 29.5 year cycle of 'responsibility and status'

Responsibility in the home will be of major concern to you during this time. You may find that you now have to nurse a member of the family through illness, possibly an elderly relative. Or simply, you should have a strong sympathetic shoulder ready - as it is likely to be leaned on quite heavily! But being needed in this way will not annoy you, just the opposite; it will make you feel needed and loved.

There should be much more activity around the home - perhaps you will now decide to redecorate the house, or re-landscape the garden. The end result should bring you much satisfaction for many years to come.

If you haven't been able to shake a sense of loneliness and depression recently, then don't worry because you will now begin to feel some of the burden lifting from your shoulders. You've been on a long, tiring journey of learning and experience and now there is just a little further to go - but the light at the end of the tunnel should be growing stronger day by day. When you finally end this journey in a few weeks time and emerge into the light - the brightness may be a little dazzling at first, but your eyes, body, soul and mind will soon adjust. That is when you understand what a brilliant future you have ahead.

July 4th 2015 onwards to August 29th 2015**Structures**♄ 9th

Saturn transits your natal 9th house

Having reached a new level of awareness, you now have a better understanding of who you are and what you want from life. But do not assume you know everything, do not take yourself too seriously or become too rigid in your thinking. There is still much to learn. During this time you may be desperate to expand your horizons, but something seems to be holding you back. Patience will be needed. There may be problems with education, possibly stemming from a fear of failure. Difficulties may be encountered with legal matters or on long journeys. These experiences, however, may reveal insights that you would not otherwise have gained had things gone smoothly.

August 29th 2015 onwards to January 25th 2017**Status**♄ 10th

Saturn transits your natal 10th house

If you have worked hard you should now experience recognition and rewards. You will finally know what you want from life. The crop you have sown over the past 20-24 years will now be harvested, for better or worse. If you have played fair on your way up to the top, then this should herald a peak in your career. However, if rules have been broken, the very opposite could apply. Either way, professionally, this is a time of greater responsibility. Use this opportunity to make an impression on everyone around you. But try to strike a balance between personal and professional commitments, or loved ones may be neglected and shut out.

September 15th 2015 onwards to October 10th 2015**Sense of adventure**

♄ ✨ ♃

Transiting Saturn Sextile your natal Jupiter

This would be the perfect time to plan for the future as you will now be prepared to explore and expand into new areas, but with a certain degree of caution. This is a time when a sense of adventure is perfectly balanced with good old-fashioned common sense! This is a time for learning and for turning dreams into reality. Make the best of any opportunity that comes your way - and it is likely to!

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded regarding money, you will not be willing to take risks, and therefore all financial strategies will now be well planned. Promotion or business expansion is likely.

Help and support may come from established and respectable sources, possibly from older people, or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

October 3rd to 24th 2015**Common sense**

Transiting Saturn Trine your natal Mercury

Practical common sense combined with clear, logical thought, should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them in a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

However, this isn't the time to make radical changes, it is the time to prepare the groundwork and build firm foundations for future goals and ambitions. Just ensure that once a goal is set, it will be adhered to.

Possessing sound business sense, this would also be an excellent time to research any new financial, career or professional venture. Understanding your capacity for concentrated mental work, you may even consider some special training or schooling in your current field, or retraining for a completely different career.

Strong, stable powers of concentration and accurate communication will enable you to get any point across - so if you need to convince others, especially people in authority, on any matter, then this would be the time to do it.

However, a word of warning, beware becoming overly obsessed with your own opinions, and too rigid in your thoughts. In months to come your outlook will need to remain flexible in order to progress to the next stage of your plans.

October 14th 2015 onwards to November 3rd 2015**'No win' situation**

Transiting Saturn Opposition your natal Moon

If you feel confused, tired, irritable and downright depressed - then it is not really surprising. During this period, responsibility for others will conflict with responsibility for yourself. On the other hand, you may have been ignoring the needs of both others and yourself recently - and the consequences are now beginning to show. Painful memories from the past may also cause you to retreat into a safe, secure shell - well away from life's daily pressures.

However, at the moment, you really need to re-establish your sense of purpose in life, and then start to accomplish this purpose in a meaningful and constant way. Find your own pace, and don't attempt anything that you are not ready for. Don't promise more than you can deliver.

Cold, emotional barriers may be erected to keep out pain and upset. The only problem being that these same emotional barriers could leave you feeling alone and isolated from everyone around you, but especially from those you love. This may seem like a 'no win' situation, but ultimately it is up to you to destroy these barriers, face up to your responsibilities and mend the bridges between yourself and loved ones.

Women, parents and older individuals will be less sympathetic than usual to your problems and may cause difficulties in your life - either at home or at work. Perhaps there will be some kind of conflict between your home and professional life.

November 16th 2015 onwards to December 4th 2015**Set in your ways**

Transiting Saturn Square your natal Pluto

Your patience and powers of endurance are being tested and you may be forced to constantly struggle against obstacles put in your path. This could well take its toll on your health, leaving in its wake a sense of tiredness and depression.

Nevertheless, it is possible to convert negative energy into positive. Don't struggle against the tide. Instead, work as efficiently and productively as you can until you see the time when you can start to move forward again.

During this time you may have trouble communicating with others, trouble in getting your message across or making the changes in your life that you want to make. You may feel as if everything you say is misunderstood - this will either cause a feeling of hopelessness or sheer anger and frustration. You simply cannot understand why others don't understand your point of view. But, could it be that you've become too set in your way of thinking? Are you actually listening to their point of view as well? Could all this conflict be avoided?

This is a time when you will have to restore a sense of balance to your life - especially the balance between emotional and personal relationships and work. It is also a time to rid yourself of unwanted deadwood - the fewer the burdens, the easier it will be to rebuild for the future.

Take extra care when handling machinery or sharp objects as your excessive energy could lead to accidents.

January 3rd to 24th 2016**Long range goals**

Transiting Saturn Trine your natal Sun, REPEATED when retrograde from 27th May 2016 to 24th June 2016. Exact 10th June

During this period you will be able to pursue your long-range goals and ambitions with determination, application and incredible self-discipline. Whatever you do will seem to run smoothly and turn out well. You are likely to receive much help and support as you steadily climb up the ladder of success because others will not feel threatened by your presence. Take advantage of any opportunities that are now offered.

In particular, this would be an excellent time to embark on a new field of study, or perhaps a training scheme, which could enhance your career potential. In your experience to date, you've already laid firm and strong career foundations - it is now time to build those supporting walls.

Make sure that your hard work, self-discipline and willingness to take responsibility is noticed by those who count. There is no harm in blowing your own trumpet every now and then - make them sit up and take notice!

If you are quite satisfied with your life at the moment and don't have any particular goals of your own to pursue, then you will be in an excellent position to actually offer help and support to someone who is working extremely hard to achieve their ambitions and goals. Why not help them along that rocky path of progress?

A romance or friendship from the past may suddenly be revived and rekindled. Just take care that this is what you really want. Be aware that indulging this nostalgia may place present relationships in jeopardy.

With energy levels running high, health and vitality should improve now, as should physical strength.

Transiting Uranus Retrograde Trine your natal Uranus

During this time you will be a real live wire with mind and body working so fast this week that it will feel like an extra surge of electricity has passed through you - awakening thoughts, ideas and intuitive senses that have always been there, but which have recently been lying dormant. Solutions to problems, which have previously seemed insurmountable, will suddenly come in an instant.

Feeling restless, daring and extremely receptive to new ideas, you will now be looking to do something completely different. July 7th 2016 onwards to August 19th 2016**Strong link**

Transiting Uranus Retrograde Square your natal Saturn

If things start to go wrong, instead of losing your temper and blaming everyone but yourself - examine the situation carefully and consider what is happening. This is a time of testing. Events will change your life - and you will probably find that the present situation has a strong link with past events and your own past actions.

However, circumstances may bring about sudden and unexpected changes in either your personal or professional life. This will undoubtedly cause a certain amount of friction, especially when every effort or move you make is being blocked. This may be because of previously unforeseen difficulties or obstacles. Also, this will not be the best time to produce good results from a team effort. Try to work alone.

Financial problems could cause legal difficulties. Also, this is a time to beware of sudden accidents. Avoid making business or property related decisions as you may find yourself entangled in legal difficulties.

You may also have problems with parents, or older people in authority - again either in your personal or professional life. Love relationships may also suffer from insecurity and uncertainty. Previously acceptable restrictions will no longer be tolerated.
