Love Life & Forecast

Venus 'the planet of love' is what this two part report, is all about.

Part One - Love Expression

The signs the planets occupy and particularly the position of Venus reveals the kind of lover you are and how you express yourself when you are in love.

Part Two - Time for Romance

Venus, the planet of romance, is a pivotal influence in defining how you fall in love, stay in love and what you look for in a lover and 'soul mate'. It not only represents love and affection, but also harmony, cooperation and the way you feel about and react towards other people.

The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular.

In 'Love Life & Forecast' we interpret only the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto as well as the Sun and Moon.

Love Life & Forecast should only be used as a helpful guide for the periods indicated. At all times it is for you to make use of your most positive characteristics and the periods indicated.

Sometimes when a planet 'transits' a natal planet, it first appears to move forwards and then backwards for a period of time re-creating the same 'transit' several times. This apparent backwards motion is known as 'retrograde' motion. This is indicated by the RX retrograde symbol. The retrograde motion of the transiting planets cause some interpretations to repeat.

The illusion of the retrograde motion of the planets on their orbit - can be likened to when two trains travelling in the same direction, one train passes the other and from the view point of the person on the faster train, the slower train appears to be going backwards.

Astrologers treat triple transits quite seriously as it shows where you have an opportunity to think again about your actions before the aspect finally completes. This is in fact a fairly common event. It happens when the transiting planet goes retrograde - briefly, it means that the planet seems to go backwards from our viewpoint on Earth. The transiting planet contacts the natal planet first moving forward ("direct"), then it appears to reverse direction, contacting the natal planet a second time.

The transit can form a precise aspect three times forward/direct and twice backward/retrograde before it is totally over. The transit continues to be felt during the intervening period. You'll sometimes see the same transit "repeated" three, or even five times in a relatively short period.

Planets that form an aspect to a natal planet and then go stationary signal very potent and much longer-lasting effects. Direct planets which form such an aspect and then go retrograde can move over the same point several times, which prolongs the transit well beyond its normal "single pass" duration.

Whatever began on the "first contact" may seem to reverse itself, seemingly needing to be reconsidered and re-attempted... the scheme, conversation or relationship isn't going forward as originally expected. Then, when the retrograde is over, the transiting planet advances again ("goes direct"), and connects with the natal planet again!

So to sum up - some transit interpretations in your Love Life & Forecast repeat when necessary and transiting planets will unavoidably appear to turn from direct to retrograde, and then back to direct again - and will often transit a natal planet several times.

Part One - Love Expression

The Sun, Mercury & Jupiter mirror your way of being, speaking and creating chances

Romance - how you act

Sun in Sagittarius

You revel in taking things as far as they will go. You are generous and wish everyone to share in your happiness - often before you have enjoyed it yourself! A natural teacher and generous visionary, your concern for the future drives you into taking on every opportunity you meet. This can lead you into over-involvement in too many things. You become over-stretched, depleted, even desperate. Regain your strength by being and moving in the open air. Enjoy action for its own sake. Move and be free. In this way discover and re-discover your direction. Experience the exhilaration of pointing to goals in life that will achieve all you wish for. Then enjoy the sheer riding experience of making the journey.

What you think and say about love

Mercury in Sagittarius

You are a quick thinker and talker, with an open, optimistic mind. But are you over-sure of yourself, taking things at their face value? Without meaning any harm, you play with words and tend to be ironic, even sarcastic. Really you have little time for conversations or thinking things out. Certainly, action is important. That is the way to learn from mistakes. But still take a little more thinking time, than you feel inclined to. It will make your direction clearer. Then you will discover your natural brilliance with far-reaching ideas.

How you create opportunities for romance

Jupiter in Capricorn

You create opportunities by firmly concentrating your determination along lines you know you can control. You are conservative and highly conscientious by nature, preferring "tried and tested ways" to "new fangled theories". Your strongly held convictions can prevent real progress. People feel it is impossible to contribute their ideas. Experiment with doing something different. Allow your-self time off and holidays, even if you do not feel you need them. On returning to the fray you will be less hard, stronger and more effective.

How you act, wonder and behave is revealed by your Venus, Mars and Neptune

When you are in love

Venus in Capricorn

You expect so much from love and relationships that you test new lovers, as if they were interviewees for a job! Love to you is a major commitment and something that must grow steadily to an ultimate achievement. What other people think is vitally important. You can act as though your relationship is exposed to public scrutiny, even when no one else knows about it. The protection of propriety is always in your mind. Once through these trials, you work hard to ensure relationships last. Try to allow in joy and delicacy. Something so important should also be fun.

Romantic approach

Mars in Aquarius

You love with immediate consideration for the interests of all. Ignoring convention, you can explore stimulating relationships with unusual and exciting people, but not for sake of variety alone. For you, love requires purpose. Serving a responsive lover in a meaningful relationship, gives you the confidence to take on anything. Honesty and understanding are vital. It wastes energy to be constantly bridging gaps of understanding. Lovers may feel that your social responsibilities get in the way. Learn how to love lovers, before you tackle the world.

What fascinates you about love most of all

Neptune in Capricorn

You are of the generation that needs a strong sense of conviction to give life real purpose. What you believe in must lead to something useful. You will be cautious in what you commit yourself to, but, once convinced, fearless in applying the lesson of your beliefs. Beware of taking too much responsibility. Letting people care for you, will show you the wonder of caring. Know this mystery and achieve your dreams.

Part Two – Time for Romance

Romance forecast for September 2015

Tuesday 1st September

Optimism

Transiting Sun Trine your natal Venus from 1st to 3rd September 2015. Exact 2nd September

Strong feelings of love and enjoyment of life should dominate thoughts and actions today. Not in the mood for work, you will be seeking more pleasurable pursuits and distractions! This outgoing and optimistic mood will be contagious enticing lovers, family and friends to share the day's love and laughter.

Friday 4th

Hard to cope

Transiting Mercury Square your natal Venus from 4th to 7th September 2015. Exact 6th September

Avoid anything that could upset you or disturb your routine or equilibrium during the next few days. Unable to properly defend yourself, you may find it difficult to cope with any disputes or strife. You may become the victim instead of the victor. Problems in both your love life and social life are likely, so perhaps it is best to keep your head down and out of the firing line.

Tuesday 22nd

Eruptions

Transiting Venus Square your natal Saturn from 22nd to 26th September 2015. Exact 25th September

Tension, conflict, friction - they are all words to describe the way you are now likely to be feeling towards a lover or marriage partner. Problems, which have been bubbling away beneath the surface, could now violently erupt and, if the differences are irreconcilable, then the relationship could come to an abrupt halt. However, strong and stable relationships could survive this emotional warfare.

September 22nd 2015 onwards to October 2nd 2015

Sympathetic

Transiting Jupiter Trine your natal Venus

During this time, you will put others before yourself and will be seen as sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself, or simply have a strong shoulder for a friend in need to lean on. Any help, that you give now for friends, will be repaid with gratitude and love in the future.

Love, romance and friendship will all be highlighted. You will want to spend as much time as you can with people you love - enjoying their company. This could be the beginning of a pleasant, romantic love affair. But, three words of warning, watch your diet. You are likely to become somewhat self-indulgent, eating and drinking just that little bit too much!

Strenuous work should be avoided, as you will be feeling unhurried, easygoing and carefree. However, as creativity should also be enhanced, and if you've recently been lacking the necessary inspiration to pursue creative and artistic projects, then now is the time to try writing, composing music, drawing, painting; whatever you consider is your field. The end results could bring tremendous satisfaction.

If you don't consider yourself particularly creative then perhaps you may take up a new study or retrain in your job or career. Travel or a holiday would also be a good idea around now.

A financial windfall may come your way, but in wanting to surround yourself with beauty and the luxuries of life, the cash may be spent just as suddenly and quickly as it arrived!

Thursday 24th September**Get the ball rolling**

Transiting Venus Trine your natal Mercury from 24th to 28th September 2015. Exact 27th September

Communication with loved ones, be they family, lovers or friends should be exceptionally good during this time, so why not tell them just how much you care! Friday 25th**Hard to cope**

You may become the victim instead of the victor. Problems in both your love life and social life are likely, so perhaps it is best to keep your head down and out of the firing line.

Monday 28th**A bit down**

Transiting Venus Square your natal Moon from 28th September 2015 to 2nd October 2015. Exact 30th September

Because of extreme emotional sensitivity, even the slightest hurt or misunderstanding with loved ones or friends will cut you to the quick and upset you deeply. You may feel alone and isolated. Take care not to overreact by smothering other people with your affection; being overprotective could equally alienate loved ones.
