Hi Meghan,

This personal Astrology reading provides a fascinating insight into your Lucky Encounters Destiny.

It includes your Jupiter, often known as the planet of luck, and the placements of Uranus and Pluto at the exact moment you were born. This information can be remarkably accurate in revealing opportunities, positive changes as well as triumph over challenges you may encounter.

It's important to remember that you have a choice about what develops in your world. If you want to be happier, then you can be, regardless of what occurs in the cosmos. However, your Lucky Encounters Destiny reading offers insight into your unique characteristics and can help you understand the part the heavens play in the unfolding story of your life.

To the right of each pair of 'aspect' symbols is a group of five stars. The darker the stars, the more powerful and significant the meaning of that aspect is to you.

We wish you a wonderful future!

Where are you most likely to be lucky?

Identify the most potential areas for success and happiness in your life.

Receiving By Giving

Jupiter in Libra

By possessing an innate desire for balance and justice, you'll likely encounter success, joy, and fulfillment by treating others with fairness and equality. It is through being seen to be gracious and willing to mediate or show support that you could bring others luck and fortune your way.

You understand the value and benefits of networking or working in pairs. By collaborating with like-minded individuals, you can achieve impressive and outstanding results. You thrive in social circles and possess uncanny abilities to attract people to you through having natural diplomacy and willingness to solve others' problems.

You often have an innate desire to be creative, for surroundings to be aesthetically pleasing and create harmony wherever possible – or at least be seen by others to do so! You have no hesitancy with stirring a tiny bit of chaos sometimes because you thrive in chaotic situations and tire easily with routine and predictability.

Luck and fortune could be achieved through involvement with the fashion industry, interior design, writing, public speaking or mediating.

Ideal Team Player

Jupiter in the 3rd House

The spirit of teamwork is strong within you. Your curious nature encourages you to explore life's mysteries, and you delight in sharing your fascinating findings with others.

Some people go through life appearing to have all the answers, and this draws others to them – and that someone is likely to be you! Your passionate energy, enthusiasm, and ability to come up with creative and innovative solutions make you an essential part of any group effort.

Your Jupiter Aspects

Upbeat and Generous - 'Close One' ★★★★★

Moon Conjuncts Jupiter

Your upbeat and generous nature encourages you always to see what's positive in any seemingly negative situation. It might be your optimism and positive attitude that has attracted so many positive life experiences so far and will help you attract more during your lifetime.

You can, at times, be too generous toward or accepting of others because not everyone is as genuine and honest as you. However, being so open-minded, non-judgmental and possessing such strong nurturing and maternal qualities makes everyone in your world feel supported and nourished.

Seeking Mind-Broadening Experiences - 'Close One' ★★★★★

Mercury Sextiles Jupiter

You find anything that broadens your mind stimulating and enjoy being led by your curiosity. You probably discover the most mind-broadening experiences come from travel and enjoy sharing your knowledge and asking others, particularly friends, for their input to your many unanswered questions. You're an objective thinker, a good judge of character and if anyone needs an excellent decision-maker or mediator, you're probably the person they come to!

Balancing Caution and Bravado ★★☆☆☆

Mars Squares Jupiter

Your list of impressive qualities is a long one. Courage, energy, enthusiasm, strength and sex appeal must keep you constantly busy. Actually, keeping busy is essential because if you allow your high energy and passion levels to build up internally, then, without a creative or physical outlet, they can go from being delightful to downright nasty.

That's why expressing your abundant energy and enthusiasm must be done regularly and healthily. Top of your list of Things Not to Do are acting or deciding impulsively or taking potentially dangerous risks. However, a balance between caution and bravado can be found. Although the world needs more people like you to stand up for others and take risks everyone else is afraid to consider, you need to protect yourself from harm by being less obliging to impulsive urges.

Positive and Generous - 'Close One' ★★★★★

Jupiter Conjuncts Moon

Your positive and generous disposition encourages you always to see what's positive in any seemingly negative situation. Your optimism and upbeat attitude have likely attracted many positive life experiences so far and will attract more during your lifetime.

However, not everyone is as genuine and honest as you are, and you can, at times, be too generous toward or accepting of others. In spite of that, your open-mindedness and non-judgmental attitude underpin strong nurturing and maternal qualities that make everyone in your world feel supported and cared for in every way.

Guided by Curiosity - 'Close One' ★★★★★

Jupiter Sextiles Mercury

You find anything that offers a chance to broaden your mind stimulating and enjoy being guided by your curiosity to discover and explore interesting and useful facts. The most mind-broadening experiences will likely come from travel, and you probably enjoy sharing knowledge and asking others, particularly friends, for their input to your many unanswered questions.

You're an objective thinker, a superb judge of character and if anyone requires a swift decision-maker or conscientious mediator, then you're probably top of their list!

Expressing Abundant Energy ★★☆☆☆

Jupiter Squares Mars

You possess an abundance of courage, energy, enthusiasm, strength and sex appeal but each needs an outlet constantly. If you allow each to build up without a creative or physical means of release, then they'll release themselves in ways you might struggle to control.

That's why it's essential that you express your abundant energy and enthusiasm regularly but healthily and constructively, without acting or making decisions impulsively or taking potentially dangerous risks.

However, it shouldn't prove difficult to find a balance between bravado and cautiousness. Although you undoubtedly gain admiration for standing up for others and take risks most other people would avoid taking, your impulsive urges and willingness to throw caution to the wind need to be kept in check.

Rewards Offer Lessons - 'Close One' ★★★★★

♃ ♂ ♃

Jupiter Conjuncts Saturn

You have a constant need to override pessimism with optimism. That's why it's important to accept that rewards you gain from your efforts always contains a lesson of some kind, even if it's not always immediately obvious.

You probably understood from a young age that rewards are reflective of effort and we receive what we give. You also manage to balance your need for security with the need to take the occasional risk.

Removal from comfort zones is essential to expand your knowledge and achieve your potential, but you're acutely aware of limitations that exist with doing so. Fortunately, plans you pursue are structured, and this ensures you embark upon them in the best possible way which boosts your chances of success enormously.

Fond Memories ★★☆☆☆

♃ ♀ MC

Jupiter Opposes Midheaven

You probably view your home and family as important refuges you can retreat to when life becomes too intense. You might have exceptionally fond memories of your childhood and profound respect for your parents, especially the one who provided you with the most emotional support.

Later in life, you might seek to replicate the environment in which you grew up or a community closeness similar to what you experienced when you were younger. You dislike cramped or claustrophobic conditions and will prefer a large, elegant home or one that offers much open space. Your need for freedom also applies to relationships, and you'll avoid jealous or possessive types.

However, you possess plenty of emotional security, which helps you to withstand challenging times and willingly offer assistance to others when they need it.

Essential Structure - 'Close One' ★★★★★

♃ ♂ ♃

Saturn Conjuncts Jupiter

You're on a lifelong mission to balance optimism and pessimism. This also likely involves you accepting that, for every reward you gain from your efforts, a lesson is contained in there somewhere.

You understand that you 'get what you deserve' and 'receive' what you 'give.' You're constantly balancing your need for security with the need to take the occasional risk and want to expand your knowledge and prospects but are acutely aware of limitations that exist with doing so. However, you can't escape the need for structure in any plans you pursue.

As long as it exists within any strategy, then you'll be getting it off to the best possible start and boost enormously the chances of success.

Progressive change

Your desire for independence, breaking traditions and future vision

Doing It Your Way

Uranus in Scorpio

You probably adhere to a particular motto: 'you do it your way, and I'll do it my way.' However, you often know something others don't – that your way is the best way!

You'll go to great lengths to avoid pursuing anything that requires sticking to what's traditional, tried or tested. Although you have great respect for the need to undertake anything sensibly and responsibly, you'll be keen to introduce new methodologies or systems. This is particularly true if doing so gains you respect, attention, applause or improves what someone renowned for being clever introduced previously.

You possess considerable creative abilities that will require releasing or focusing in some way. What you create will have unique, innovative or even genius qualities underpinned with a far-reaching vision. You can be volatile and changeable at times, often conveying yourself courageously but bluntly or aggressively.

A natural interest in logic that exists within how and why things 'work' the way they do could encourage you to pursue mechanical engineering, science or technology.

Humble Genius

Uranus in the 5th House

Whereas some people ought to be more modest, you could benefit from being less humble. Why? Because you're an extremely talented and gifted person! However, you probably feel unsure about your abilities and how to express them in a way that feels comfortable to you.

You're unconcerned about being seen to be special, which baffles your many admirers. Your keenness to detach yourself from your ego probably results in you detaching yourself from individuals who wish you'd step forward proudly and confidently to reveal your talents to the world.

Your creative energy manifests in many ways, not just artistically, and you might wonder why you receive praise for doing something you didn't believe was extraordinary.

You're a difficult so-and-so to understand, but the more you accept that you have gifts that deserve to be shared, the more others will connect with your thought processes and understand better the person who amazes them in so many ways.

Your Uranus Aspects

Unafraid of Change - 'Close One' ★★★★★

Uranus Trines Ascendant

You're always receptive to opportunities to relate to others in new ways and probably don't have to look hard for such opportunities to do so. You actively seek new friendships, relationships, and group activities and, at times, circumstances beyond your control can put you in situations where you're exposed to strange, unusual or eccentric people, which you thoroughly enjoy.

You need freedom to express your uniqueness and tend to gravitate toward similar or like-minded individuals. You're unafraid to introduce changes to your world if you feel bored or uninspired, and spontaneous travel could help you to experience different views of the world.

Trial and Error Approach ★★☆☆☆

Uranus Trines North Node

Progress is important to you, and you believe everyone should move forward in life and not held back by the past, convention or tradition. You're unafraid of moving toward your future, whatever it holds, and you seek like-minded people who share your keenness to be free from rules, regulations, and traditions.

This could mean that some pursuits reach dead ends quickly through not being subjected to careful planning, but it's rarely a problem that a simple tweak to your unique strategy doesn't solve. You might be used to adopting a 'trial and error' approach to achieving success but, regardless of how unorthodox your methods might be, you manage to find one that works, and you also find yourself grateful for the experience gained the hard way!

Sharing Less Obvious Healing Methods ★★☆☆☆

Uranus Opposes Chiron

Healing any old emotional wounds needn't be done alone. The more you connect with ways to heal any emotional baggage from your past and share your discoveries or what 'works' for you with others, the more you'll be able to help them to do the same.

It's possible you'll explore alternative options to bring inner healing, perhaps involving alternative therapies, such as Reiki or holistic or organic medicines. However, you can inspire others by drawing attention to less obvious healing options and probably because you've found them to be more effective than traditional routes.

Triumph from Rising to Challenges

Your search for truth and deeper meaning.

Balancing Harmony and Justice with Chaos

Pluto in Libra

Your compulsive side could conflict with the side of you that's normally decisive and deliberate. Possessing natural curiosity to discover and learn more about the world around you, you could push aside a tendency to assess or 'weigh up' situations, opting instead for a 'hang the consequences' approach.

You're keen to learn through collaborative efforts and will not shy from investing necessary levels of effort to ensure relationships are joint learning experiences. However, you could, at times, become obsessive about justice and fairness. You possess an amazing ability to identify the smallest details within an injustice and expose any that have been overlooked by others.

You will ultimately crave peace and harmony but will be happy to shake up - or destroy - equilibriums if it increases the likelihood of attaining both. You willingly create chaos if doing so allow you to reassess or even rebuild a situation or strategy to ensure the result is a fair one.

You're a superb mediator but could come across heavy-handed at times or use devious or manipulative tactics to achieve a result you believe to be fair.

Self-Protector

Pluto in the 4th House

You're a complicated, deep and powerful individual with more than one enigmatic quality. To you, life is deep and profound and should be treated accordingly.

The world is full of secrets, therefore, as far as you're concerned, secrets make life more interesting and magical. However, you could become too preoccupied with keeping your personal life personal.

Your intense quest for privacy might keep others out but will also make it difficult for those who deserve to enter to do so. You can still be protective of all that you must be protective of but dropping your guard now and again can result in you experiencing heart-warming developments that can only occur if you allow them access to your exclusive world.

Your Pluto Aspects

Collaborative Dream - 'Close One' ★★★★★

Neptune Sextiles Pluto

You have a 'pioneering spirit' and are unafraid to challenge 'norms' or generally accepted ways of thinking. You're able to spot ways to improve or update what everyone else is so willing to accept. However, before you can rebuild a belief or entire belief system, you must first destroy what has become so widely accepted.

This is something you excel at doing. You're capable of deconstructing any aspect of life, a system, a belief or procedure and present a new truth that is far worthier of considering. You might be seen by others to be obsessive or compulsive, but your higher thought processes require you to create order from chaos and simplicity from complexity.

Ultimately, you probably have one main aim in life: to bring people closer together, not necessarily physically but spiritually. Your dream of everyone collaborating for the greater good is not far-fetched, either.

Harnessing your Pioneering Spirit - 'Close One'

Pluto Sextiles Neptune

You have a 'pioneering spirit' encourages you to be unafraid about challenging 'norms' or generally accepted ways of thinking. You're able to spot ways to improve or update what everyone else is so willing to be conservative toward.

However, before you can rebuild a belief or entire belief system, you must first transform attitudes that are so widely accepted. This is something you excel at doing. You're capable of deconstructing any aspect of life, a system, a belief or procedure and present a new truth far worthier of considering.

You might be seen to be obsessive or compulsive, but your higher thought processes require you to create order from chaos and simplicity from complexity. Ultimately, you probably have one main aim in life: to bring people closer together, not necessarily physically but spiritually. Your dream of everyone collaborating for the greater good is not far-fetched, either.

Perceived Forcefulness - 'Close One'

Pluto Squares Ascendant

Your ambition and desire to achieve personal recognition are probably very strong, but both can create opposition from others, especially if they feel threatened in any way by your forceful attitude. In truth, you're probably not forceful or aggressive, or at least not in ways you're perceived to be.

You enjoy taking the initiative and see no need to reassess plans that have been reassessed umpteen times already. Therefore, you don't tolerate interference or apathy from others, and this can be projected unintentionally aggressively. You're prone to being obsessive and lacking moderation in your efforts, with an all-or-nothing approach to whatever you're determined to make happen.

As long as you're willing to boost your tolerance levels toward others and, where appropriate. Enter into the spirit of collaboration in the right ways; you'll have no problems gaining the support you need.

Lucky Encounters Destiny Forecast

Your personal Lucky Encounters Destiny for twelve months provides unique and detailed insight into long-term astrological influences affecting your life's lucky encounters. A short-term monthly summary is also provided regarding what you can expect - and prepare for.

You'll notice this document outlines various 'trends' influencing and shaping your Lucky Encounters Destiny over varying periods of time. 'Longer-term trends' highlight 'behind the scenes' activity and where you'll likely need to accept gradual change.

'Steady or challenging trends' indicate where stability likely exists in your world but also where you need to prepare yourself for a helpful learning curve of some kind. 'Emergent or Disorderly Trends' help you to identify in advance when sudden, unanticipated developments – and often of the delightful kind - might occur.

You might also notice certain aspects involve planets experiencing 'retrograde motion,' an illusion that makes a planet appear to be moving backward. This offers an excellent opportunity for reflection and often something to be learned from the past that can be applied helpfully to the present and future.

Being able to monitor cosmic support available to you will help you to understand better your attitude toward your Lucky Encounters Destiny. This can be invaluable in helping you to form - or strengthen – connections in ways you've only dreamed of.

Please note, at the beginning of your Lucky Encounters Destiny you will find your birth chart and aspect grid with a list of the planet aspects of your birth chart. What follows are interpretations of transiting planets and the aspects, they make to the planet positions of your birth chart.

Your Lucky Encounters Destiny forecast should only be used as a helpful guide. At all times, it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

Emerging or Overstating Trends

Jupiter trends from 21st January 2020 to 20th January 2021

October 29th 2019 onwards to April 1st 2020

Excess All Areas

24 6th

Jupiter transits your natal 6th house, REPEATED when retrograde from 26th June 2020 to 22nd November 2020

Your attention to detail is intensified and situations or arrangements you might normally be willing to take at face value, you could feel inclined to assess from every angle before committing yourself or embarking upon them. However, it's important you don't spend so long weighing up the pros and cons to any considered action that you end up allowing opportunities to slip through your fingers. Your enhanced 'can do' attitude makes you extra-efficient workwise. However, your desire to go the extra mile or above the call of duty could lead to you becoming workaholic if you don't remember what 'all work and no play' did to someone named Jack. A penchant for fine food could also intensify, and when it comes to your health, you could be prone to viewing minor ailments exaggeratedly.

January 16th to 26th 2020**A fair hearing**

Transiting Jupiter Opposes your natal Mars

Courtroom processes usually involve someone declared innocent until proven guilty.

With that in mind, might you be jumping to a certain conclusion now where a certain person is concerned? It's possible you're arming yourself with some set-in-stone assumptions and a certain person with whom you share closeness isn't going to take kindly to what they're being accused of.

Avoid hasty accusations now. Someone is entitled to have their say, and all you need to do is hear them out.

January 19th to 29th 2020**Amid the changes, there is fun to be had**

Transiting Jupiter Squares your natal MidHeaven

As our surroundings alter slightly or change dramatically, we adapt. Whether such changes affect our career or home, there is always a knock-on effect to other areas of our lives.

There is a curious connection between your personal world, particularly your social life, and what's transpiring on the career and/or domestic fronts. With change comes upheaval and with upheaval comes insecurity. With so much to focus your attention on personally, you can benefit from detaching yourself from career or home-related matters and truly let your hair down.

Don't succumb though to a tendency to be tetchy or intolerant of others. Your desire for perfection could get the better of you. If you're willing to relax and be receptive to social opportunities that await you, then you can be certain they will find you.

January 24th 2020 onwards to February 2nd 2020**Just be yourself**

Transiting Jupiter Trines your natal Venus

Throughout our lives, there are times when we become aware of others suddenly becoming friendlier and nicer to us. Sometimes, we have no idea why this should suddenly happen as we didn't believe we were doing anything different in any way.

What you can expect soon is a noticeable feeling that you're sought after in more than one way. Your bank manager is likely to respond more positively toward you. However, it is in a romantic capacity that you're likely to discover the most pleasing and heart-warming development! Just be yourself now and let a bit of luck take care of the rest.

March 7th to 20th 2020**Planting the seeds**

Transiting Jupiter Squares your natal Pluto, REPEATED when retrograde from 9th to 25th July 2020. Exact 17th July and again when direct from 29th October 2020 to 12th November 2020. Exact 6th November

Do you want to see changes where affairs of the heart are concerned? Or, would one change be enough to boost your optimism or a belief that something that has perhaps grown predictable possesses can be changed?

It's time to assess ways in which you and someone else are coexisting and how something stronger can be attained.

This is a period of growth and growth always requires patience and time. Provided you and you-know-who are willing to give both and reach an agreement where one hasn't been forthcoming to date, then something magical can be achieved now.

March 11th to 25th 2020**New Perspectives Bring Healing**

Transiting Jupiter Trines your natal Chiron, REPEATED when retrograde from 3rd to 19th July 2020. Exact 12th July and again when direct from 3rd to 16th November 2020. Exact 10th November

Transforming your well-being with a positive and expansive outlook is possible at this time. So too is embracing a more open-minded approach to life and your interactions or involvements with those closest to you. The urge to enjoy new experiences could intensify, and these can be integral to healing your mind, body, and spirit. You have a chance to gain new perspectives on attitudes, beliefs, and what inspires you. By bringing new levels of peace and harmony to your personal life and relationships, you're able to heal some old wounds. By extending compassion and generosity to others, you can be helpful in doing the same for them.

March 24th 2020 onwards to April 10th 2020**Give it a chance**

Transiting Jupiter Opposes your natal Ascendant, REPEATED when retrograde from 16th June 2020 to 4th July 2020. Exact 26th June and again when direct from 15th to 27th November 2020. Exact 22nd November

When you were younger, there were certain foods you decided that you didn't like, for whatever reason. Perhaps you didn't like the way they looked. Maybe your suspicions about how they tasted were proved correct. Over time though, you eventually decided that whatever reasons you created previously for not liking something became less appropriate or relevant.

The same applies to you now where an attitude toward a certain relationship or arrangement is concerned. What you felt played no part might actually be something you're willing to consider and, if you're willing to be open-minded, then you stand to gain something very much worth having.

April 1st 2020 onwards to June 26th 2020**Enthusiasm and Energy**

Jupiter transits your natal 7th house, REPEATED when direct from 22nd November 2020 to 27th February 2021

This could be a time when your relationship expectations increase and your desire to connect or involve yourself with people or a partner who brings positive energy to your world could intensify. You don't want only companionship from any relationship; you want a partner to be a positive and optimistic influence or someone who offers you a chance to learn and expand. Someone who brings unbridled enthusiasm and opinionated energy could fit the bill perfectly. If an existing partner ticks all those boxes, then it will become clear how lucky you are to be with such a person. If you've yet to find them, then you could soon find yourself in the right place, at the right time, to meet the right person!

April 5th 2020 onwards to May 3rd 2020**Learning can be fun**

Transiting Jupiter Sextiles your natal Uranus, REPEATED when retrograde from 24th May 2020 to 21st June 2020. Exact 11th June and again when direct from 24th November 2020 to 5th December 2020. Exact 30th November

It doesn't matter how long we've known a certain person; there's always something interesting waiting to be discovered about them.

The interesting thing about discovering something about someone else is, sometimes, they share our interesting discovery and discover something about themselves they didn't know!

You have an excellent opportunity to strengthen or even rekindle a relationship if you and you-know-who are willing to accept that there is so much to be learned about each other and yourselves.

December 21st to 31st 2020**Curtailing Excessiveness**

Transiting Jupiter Opposes your natal North Node

When we feel as if we're riding the crest of a wave, our confidence increases and so too does our belief that luck is on our side. However, even if you're aware of feeling such ways or your ability to attract and draw people closer to you, you could become intoxicated by the attention you receive. You're prone to excessiveness, and this wouldn't be such a problem if it weren't for the fact that actions or decisions taken or made at this time have long-term implications. Resist any urge to explore the 'grass on the other side of the fence.' Certain temptations that appear very alluring could lead to regrets, especially if you're in a committed relationship and decide to explore other options. If you can curtail your over-the-top tendencies, then you won't struggle to see the right path to follow.

December 21st to 31st 2020**Comfort Zone Removal**

Transiting Jupiter Conjuncts your natal South Node

If you're aware of how your emotional world or a certain relationship could be improved, then this is a time to increase your efforts to bring the desired results. However, much would probably be easier if you didn't have a tiny issue regarding trust in close connections. You might still be reeling from a past hurt or a relationship where someone betrayed your trust in them. This could be why you prefer to 'play it safe' or stick with what's comfortable and familiar. However, romantic or relationship progress relies on you facing what scares you. So too does your personal evolvment. You're encouraged to learn from past experiences, mistakes and move on. If you make an effort to do so, then you could be surprised at how easy it is to embrace the positive future that awaits you.

January 4th to 14th 2021**Seeing potential within**

Transiting Jupiter Trines your natal Moon

It doesn't take long for some situations to become stuck in ruts. They don't do this without help or support from us. We allow some situations to become stale or predictable.

It is only when we discover this has happened and that some situations can offer so much more potential if we're willing to apply some imagination to revive them that we become prepared to do something.

Where a certain relationship in your world is concerned, you have an excellent opportunity to inject fresh optimism into it. There is something lovely that can be nurtured and offer much in the way of strong emotional connection if you're willing to see how much potential exists within a scenario that may have become predictable of late.

January 7th to 17th 2021**Learn a new skill...or meet a tall, dark stranger?**

Transiting Jupiter Opposes your natal Mercury

There are many things we do that are much more fun done with someone else rather than on our own. I'm referring specifically to learning new skills or venturing into other unexplored territory.

If you and a certain person want to bridge any gap in your relationship by enjoying learning something new together, then you'll be presented with more than one opportunity to do so.

If you're single, then the time is perfect to make use of online media to find your perfect partner - and there's strong likelihood they will have some foreign connection!

January 9th to 18th 2021**A new and exciting level**

Transiting Jupiter Trines your natal Saturn

Are certain possibilities becoming clear? Perhaps, what you saw as possibilities are starting to show signs of being something more.

You're wise to trust your instincts now where security is concerned, and you have an excellent opportunity to improve or strengthen a relationship in a new and exciting way.

Long-term commitments made now are likely to turn out well. All you need to do is decide if a long-term commitment is what you truly want.

If so, then seize the opportunity available now to either begin a new and potentially long-lasting relationship or take an existing one to a new and more secure level.

January 12th to 21st 2021**Fun people have more fun**

Transiting Jupiter Trines your natal Jupiter

Is 'beauty' only skin deep? There's much truth in that saying. Someone who is physically attractive but possesses very little confidence or jocularity is rarely seen as attractive as someone who might not be magazine cover material but oozes confidence and possesses a delightfully light-hearted vibe.

You're being encouraged now to show a side to you that others possibly rarely see. Allow the playful side of you to take over briefly and either an existing partner's jaw might drop with delight or a potential partner could make their way into your world.

Stabilizing or Stimulating Trends

Saturn trends from 21st January 2020 to 20th January 2021

January 31st 2020 onwards to February 18th 2020**Be flexible and ready for change**

Transiting Saturn Sextiles your natal Uranus, REPEATED when retrograde from 11th August 2020 to 14th November 2020. Exact 29th August

Life could feel powerfully charged and so delicately balanced now. It's clear you would like more control over a process and its outcome, yet someone else's involvement cannot be ignored or dismissed.

Much depends on what you believe to be 'right' and 'wrong'. If a situation cannot be altered, then it is fair to say that it must be 'right', even if what's 'right' appears 'wrong' or inappropriate.

Avoid any inclination to jump to certain conclusions. There are some opinions and attitudes that need re-defining, particularly in light of information and understanding coming your way now.

This could cause confusion or even consternation at first but provided you're willing to be flexible and ready to respond to changing circumstances, then you will find that you not only gain more control over a desired outcome but will also tailor it in a way that finally suits you.

Up-and-coming or Messy Trends

Uranus trends from 21st January 2020 to 20th January 2021

March 27th 2014 onwards to June 29th 2022

A New Way of Working

Uranus transits your natal 10th house

 10th

The phrase, 'daily grind' relates to a tedious or monotonous job. Perhaps, you can relate to such a scenario in the past, but there's unlikely to be anything painfully predictable about your professional life now. The same applies to how you choose to be seen by others professionally, too. You're adopting a new mindset regarding your definition of success and the way you intend to achieve it. If you sense you're drawn toward unusual or unorthodox careers or ways of performing a current role, then your instincts deserve to be trusted. You might also be uninterested in achieving what everyone else is striving to achieve and won't want your ambitious or professional pursuits compared to theirs. Have absolute faith in your ability to apply some 'out of the box' thinking to your career and that any out-of-the-blue developments you encounter along the way will play an integral part in getting you to where you want to be.

March 20th 2020 onwards to April 26th 2020

Welcome the chaos

Transiting Uranus Squares your natal Mercury

Is there such a thing as 'welcome chaos'? Rarely, do we welcome chaos when it enters our worlds but what if the chaos is intended to cause upheaval in the areas of life that matter most to you? What if these areas are in need of a 'shake up'?

In an area of your personal world now, that's precisely what's happening. Chaos you're experiencing now has a definite purpose, even if you're not convinced you need or want it.

Be glad of what is unsettled or uncertain. A situation is rearranging itself in a much better, stronger and more suitable way.

What is old, tired or devoid of purpose is being altered. Have absolute faith in the fact that any discomfort or tension is healthy, necessary and temporary.

July 21st 2020 onwards to September 8th 2020

Necessary change coming with time

Transiting Uranus Retrograde Sextiles your natal Mars

Hands of a clock move forward. Time, as complex as it is in so many ways is also remarkably simple and predictable.

In an area of your personal world, a situation is moving forward. Time has played a large part in this and will continue to do so, but it is time for you to prepare yourself for natural and necessary change.

The really good news is, a situation is going to change whether you want it to or not. If you're nurturing fears that it will remain the same forever, then you're about to see evidence of why you can feel reassured.

Let the change unfold and reveal itself. Once it starts to manifest, you'll be grateful for how the change has come so dramatically and decisively.

Restarting or Fading Trends

Pluto trends from 21st January 2020 to 20th January 2021

November 11th 2005 onwards to March 11th 2020

Your Best is THE Best

♃ 6th

Pluto transits your natal 6th house, REPEATED when retrograde from 11th June 2020 to 10th January 2021

You might adhere strongly to the motto that, if something's worth doing, then it's not only worth doing to the best of your abilities but in a way that allows you to constantly better yourself from a quest for perfection until you exceed your and everyone else's expectations. Your work and self-improvement ethic might be enhanced tenfold at this time, but you might also struggle to understand the concept of 'enough' being 'enough.' The intense focus you give is admirable but likely unnecessary. It might explain why you feel your best isn't good enough or drained constantly. Knowing when you've done your best is healthy. Anything over and above that is not.

February 2nd 2020 onwards to July 25th 2020

Don't resist the change

♃ ♄ AS

Transiting Pluto Opposes your natal Ascendant, REPEATED when direct from 8th December 2020 to 10th February 2021. Exact 10th January 2021

Imagine you're holding a heavy object in front of you with an outstretched arm. Most of us struggle after a period of time to do this without weariness setting in.

A similar situation exists in your personal world now, and this has much to do with your keenness to keep control in a certain way. The more you fight and resist change occurring now to maintain control of a person or situation, the more likely it is that you'll grow weary and frustrated from doing so.

Avoid the tendency to resist what needs to change. Look closely at how you'll benefit from accepting what is changing between you and certain people or one person in particular. The process is one that intends to help you. Let it do what it needs to do.

March 11th 2020 onwards to June 11th 2020

Potentially Overbearing

♃ 7th

Pluto transits your natal 7th house, REPEATED when direct from 10th January 2021 to 7th September 2021

You might wonder anyone would want to be in a relationship that ticks along predictably when connections with others are far more enjoyable when they're intense and changeable. You might believe anything less means you're simply scratching the surface where forming or strengthening relationships are concerned, and you see no point in doing that. This all-or-nothing attitude could draw you toward powerful, passionate and enigmatic individuals. However, be realistic about how feasible it is to sustain an intense relationship. You could be unaware of how even the most resilient person might find the intensity you bring to a connection overbearing. Unless you learn to focus your ardent energy in less domineering ways, relationships will probably be fun only while they last.

July 21st 2020 onwards to December 12th 2020

Knowledge Helps Others

♃ ♁ ♃

Transiting Pluto Trines your natal Chiron

You have a chance to address inner pain or an unhealed wound from your past. That can only be helpful on numerous levels, but once you've addressed this or put it to rest, what do you intend to do with the knowledge or insights you gain? Perhaps, one answer involves using what you learned from your painful experience to help others. Maybe, you've chosen to keep your upsetting episode locked in the deep recesses of your mind because you've felt unsure about what you'd do with it should it ever be released and given proper attention. Now, you have a chance to set yourself free from this constant psychological and emotional burden. To say the act of doing this can transform your closest connections or one special relationship is an understatement.

August 24th 2020 onwards to November 11th 2020

Rewriting the Rule Books

Transiting Pluto Squares your natal Pluto

It's time to give serious consideration to how you would like your life to differ from how it is now because the winds of change are becoming more of a gentle gale than a barely noticeable gust.

This is, of course, good news. You're being given an exceptional chance to rewrite more than one Rule Book in your world and break from tedious routines, arrangements and relationships.

You're being given a chance to view much of your life with a very different perspective and with this will come a chance to forge a much more suitable future on a much stronger footing.

To make the most of the opportunity for change and transformation presenting itself now and to experience it as one of the most pivotal and enjoying experiences you'll have ever known; there are just two things you need to do. Be certain about what you want to see change and be willing to let a process to bring about this change work at its own pace and its own way and time.

Avoid any tendency to accelerate that which cannot be accelerated and don't succumb to a perceived need to state your case aggressively. Be sensitive and patient. See resulting chaos as necessary. It won't last long and, once it subsides, you'll soon see how clear the way ahead is to pursue and attain what or whom your heart wants most.

Month-by-Month Forecast

Forecast for 21st January to 31st January 2020

Saturday 25th January

An investigative adventure

Transiting Sun Trines your natal Jupiter from 25th to 27th January 2020. Exact 26th January

Do you own a deerstalker hat, curved Calabash pipe, and a magnifying glass? Anyone donning or holding these items would be easily identifiable as Sherlock Holmes and, in an area of your personal world now, need exists for you to become a sleuth of some kind.

There's a need to acquire information, canvass opinion and research every aspect of a particular story. You probably have your suspicions about the outcome of your efforts but are also aware of dangers surrounding being too impulsive - or assumptive - now.

What you need to confirm requires effort on your part to uncover what needs to be uncovered or identify what is waiting to be identified. Then, once you've finished your fact-gathering exercise, you can expect to find yourself surprised and then delighted in some way with what you discover.

Monday 27th

A valuable discovery is the catalyst to transforming a situation

Transiting Mercury Trines your natal Pluto from 27th to 29th January 2020. Exact 29th January

We can be surrounded by many people yet feel alone. Feeling alone can be heightened enormously when we're struggling because support we need from one or two people not being forthcoming. This means you're having to tackle a certain issue singlehandedly and aren't exactly over the moon with having to do so.

The good news is, you are very capable of tackling on your own what needs to be tackled. It is the discovery of a certain piece of information that will boost your confidence.

Once done, you will feel confident enough to face certain issues or individuals you've feared facing. You'll be more inclined to bring out into the open what has been conveniently brushed under a proverbial carpet.

This new-found confidence, combined with real desire to bring about a significant change to a certain situation, will result in very positive and necessary transformation where you have long wanted to see it.

Thursday 30th

You can fix what needs fixing

Transiting Mercury Squares your natal Uranus from 30th January 2020 to 1st February 2020. Exact 31st January

For us to 'fix' something, we need to identify in what way or ways it is broken. In the same way a doctor cannot give a diagnosis or prescription without being clear what remedy is needed, we can only fix what needs fixing if we understand what needs fixing and why.

In your relationship world, a drama is unfolding. It is through knowing how a certain situation can be adjusted or rearranged that offers the greatest and most effective way to improve it.

Ignore the desire to be somewhere else. Removing yourself is not an option or solution. The solution surrounds more meaning or depth given to a tired situation, and that's precisely what you can bring.

Have faith in the fact that you can make a situation better and time is on your side to achieve this.

Forecast for February 2020

Sunday 2nd February

The power of imagination

Transiting Venus Trines your natal Uranus from 2nd to 4th February 2020. Exact 4th February

What do we mean we say someone is 'imaginative' or 'creative'? We tend to associate such words with possessing artistic or musical abilities, yet there are many people who possess no writing, artistic or designing abilities who are blessed with potent imaginations.

Sometimes, to make progress when we feel we're struggling, we have no option other than to apply some creative thinking and, in your personal world now, that's precisely what you're being encouraged to do.

Through adopting an open mind and being willing to apply imagination, you're extremely well placed to set your personal, emotional or romantic life on a firmer, more meaningful - and hopefully less stressful – footing. To achieve this, you need to take a brave step into the unknown and, by applying imagination and creativity you're blessed with now, can achieve wonderful and heart-warming success.

Also on Sunday

Do what you fear most, and your fear will disappear

Transiting Mars Sextiles your natal Pluto from 2nd to 5th February 2020. Exact 4th February

Despite how things may appear, you are not as alone as you perhaps believe yourself to be. You have assistance available to you, even if you cannot see it.

This is unlikely to be in the form of a person but it more likely to manifest from within you and without intending to wax lyrical about an issue that is probably causing you to be fearful, you can make something special happen now where your relationship with a certain person is concerned if you're willing to abandon a fear.

Does that sound more difficult than it's likely to be? Provided you can summon determination to overcome it while remaining calm and sensitive; you can remove a barrier and conquer a long-standing fear at the same time. This can only help you to embark upon or strengthen a relationship.

Sunday 9th

Cut the niceties and let truth reveal itself

Transiting Sun Trines your natal Pluto from 9th to 11th February 2020. Exact 10th February

Sometimes, we hear what people say but can't help wonder what it is they really mean. Other times, we're painfully aware of how easily some people can avoid discussing a particular issue.

There are also people who want to listen but fail to grasp the concept of real, meaningful communication.

In your personal world, you're likely retracing old ground where a discussion with a particular person is concerned. Where there has been little in the way of progress previously, it is through an urgent, pressing reason presenting itself now that a need to cut niceties and exchange truth exists.

It's time for you and you-know-who to 'come clean.' Believe it is best that this has happened later than not at all and it is not too late to have the discussion that needs to be had.

Tuesday 11th February**A sprinkle of realism**

Transiting Venus Opposes your natal Jupiter from 11th to 14th February 2020. Exact 13th February

Throughout our lives, we're encouraged by certain others not to get 'too carried away.' Such advice is often given by well-meaning folk who seem to think we are at risk of disappointment or being foolish. We learn from experience that if we set our sights slightly higher than what we want, we invariably end up getting what we want.

In your relationship world, balance is needed between overconfidence and realism. You are being given reason to be confident and optimistic. That's fine, provided you have both feet on the ground where certain aspirations are concerned.

Look closely at what you want to make happen and then apply a sprinkle of realism regarding realistic timescales. Provided what you want is right and appropriate, then it will come to you. Avoid any tendency to be unnecessarily forceful or overly determined.

Thursday 13th**Push is coming to shove**

Transiting Sun Squares your natal Uranus from 13th to 15th February 2020. Exact 14th February

Somewhere in your personal world, 'push' is about to meet 'shove.' It is only a matter of time before both come together.

You have the option to wait and see what happens when these two collide. Like any collision, there's a very strong possibility you'll not find the experience pleasurable to view or be part of.

That's why it's important you see the signs, smell the coffee or and read writing on the proverbial wall. You can bring about a change that will alleviate much of the potential stress or damage in a relationship by taking action before you're left with no alternative other than to accept what's likely to occur.

Take control and allow yourself to feel more powerful. You can do it and, when you do, you'll discover how powerful and influential you really are.

Sunday 23rd**All it takes is one tiny spark...**

Transiting Mars Squares your natal Jupiter from 23rd to 27th February 2020. Exact 25th February

It takes two to tango. It also takes at least two people to experience confrontation or conflict. You're dealing with a sensitive situation where your relationship with a certain individual is concerned, and it's important you don't underestimate how a single spark can create a conflagration now.

The more you can smile, be supportive and sensitive, the more you can avert a tense and unnecessary confrontation that there is every sign of being potentially overblown.

Monday 24th February**Let it be**

Transiting Venus Opposes your natal Pluto from 24th to 27th February 2020. Exact 26th February

What or who has you so 'fired up'? What or who possesses such fascinating and hypnotic qualities that you're likely struggling to think clearly? What is needed now is clarity. Before that can become available though, effort on your part is needed to extract fact from fiction and reality from fantasy.

That doesn't mean you're wrong to dream or even pursue whatever or whoever it is that has you so captivated or fascinated. But if it isn't becoming increasingly clear that you need to be more motivated and less manipulative, then such clarity will come soon enough. To get what or whom you truly want, you'll have to let go slightly.

Try to care less but believe more that whatever is for you won't pass you by. Trust your deepest instincts now and let a process unfold in its own way and time. Relax and avoid the tendency to control what needs to happen naturally.

Forecast for March 2020**Saturday 14th March****Embrace the chaos**

Transiting Sun Trines your natal Uranus from 14th to 16th March 2020. Exact 15th March

Sometimes, when we become aware of a need to 'sort something out,' we discover there could be benefits to going above the call of duty and making a situation more chaotic or disrupted to sort it out properly.

The same can be said about an area of your personal world now. Allow chaos trying to present itself to do so. Embrace the unusual, the unpredictable or even what appears downright disruptive. We lead lives that tend to be very orderly and predictable. You're being encouraged to allow and accept disruption in your world now and look likely to be grateful for it.

It's time to alter a situation, arrangement or agreement that has been stale and static for too long. Be willing to invite some chaos and, once the proverbial dust settles, you look set to make more than one valuable discovery.

Monday 16th**Bring out the objectivity**

Transiting Mars Squares your natal Pluto from 16th to 20th March 2020. Exact 18th March

People often speak about 'obsession.' Is obsession healthy or unhealthy? Many would argue it is unhealthy, especially when it causes us to cross a line deemed acceptable or appropriate.

That's why you need to stand back in some way now. If you're able to resist the temptation to give your all to someone or something, then you will at least be able to gain some objectivity. That's what's important to you now: your ability to be see a romantic or relationship in an unbiased and realistic way.

Distance yourself from someone or something in the knowledge that, if you can create distance, even briefly, then you are better placed to move forward toward it in the future when it suits you to do so.

Sunday 22nd March**Keeping your distance**

Transiting Mars Sextiles your natal Uranus from 22nd to 26th March 2020. Exact 24th March

What's needed now is space. Breathing space. Thinking space. Whatever you want to call it, clearly there is a need to allow distance between you and a certain person because an equilibrium is changing.

An arrangement is shifting and as positive as the process is, this shift is likely to manifest as differences being identified between you and another person. You have to adjust to this, and so are they. With change, upheaval and insecurity are never far behind.

Riding this one out is best done by allowing each other time and space to adjust to what's happening now.

Tuesday 24th**Avoid going to extremes**

Transiting Sun Opposes your natal Jupiter from 24th to 27th March 2020. Exact 26th March

Do you need a telephone box to get changed in? Or is your superhero suit something you wear beneath your clothing to make yourself available to save the day at a second's notice?

You could, at this time, believe yourself to be superhuman and inclined to reply and respond to cries for help from certain quarters or a particular person. Some of these might be genuine but be assured that some of them are not.

Your judgment of a situation in your personal world could be regarded as extreme. You could convince yourself that a seemingly extreme situation requires extreme measures. It's important you accept your limitations. It's not your responsibility to go to great lengths to prove a point or yourself in some way.

Relax and accept that a more relaxed and softer stance will be much more beneficial to you and others.

Saturday 28th**Looking beyond the present**

Transiting Venus Opposes your natal Uranus from 28th to 31st March 2020. Exact 30th March

Are you aware of your heart beating noticeably faster? Are you also aware of what's making you feel restless or causing a bit more tension in your world than you wish there was? In your relationship world now, you appear to be experiencing as much pleasure as you are pain in some way. In some ways, this is good.

In others, it is far from desirable. What needs to be removed now is indecision, uncertainty, and denial. In amongst all of the above is a genuine reason to be happy and feel optimistic. Avoid the tendency now to focus so intently on immediate dramas and be willing to focus on a much bigger picture. This includes the development you yearn to see happen in your emotional world. Keep reaching for it because it is genuinely attainable.

Forecast for April 2020

Tuesday 7th April

Think it through

Transiting Mercury Trines your natal Uranus from 7th to 8th April 2020. Exact 8th April

Sometimes, we feel inclined to cause a stir or upheaval just to see what happens. We reach a point where we become bored with how predictable or devoid of opportunity a situation appears to have become and decide to shake things up a bit.

That's fine, provided we accept the consequences of doing so - and blame for it should fingers be pointed our direction! If you feel inclined to shake things up a bit in your relationship world, then feel free to do so.

Be aware though that action will always cause a reaction and you will need to accept responsibility for change you instigate. Be sure you want change before you take the action you're considering taking now.

Also on Tuesday

Sharing of energy

Transiting Mars Trines your natal Jupiter from 7th to 10th April 2020. Exact 9th April

Within the strongest relationships, teamwork is almost always evident. Nothing brings two people closer together than a shared objective or keenness to work together to solve a problem.

Your relationship status can escalate wonderfully if you're prepared to work with someone in a competitive or corroborative environment. Whether this be athletic or simply doing a crossword puzzle together, focusing on a shared achievement or solution promises a delightful meeting of minds.

Thursday 9th

Bring it out into the open

Transiting Sun Opposes your natal Pluto from 9th to 11th April 2020. Exact 10th April

Artists know when to walk away from their masterpiece. As tempting as it might be to add another dab of paint here or there, they reach a point where they know enough is enough and further adding will risk ruining what they've worked hard to create.

In your personal world now, there is more going on than meets the eye. A need exists for you to get right to the root of a particular issue and, to do this, you're going to have to know when the time is right to cease 'adding' to it. You're going to have to dig deep within your inner wisdom to know when to step back and decide that you don't want to add any more to something that needs nothing more added to it.

This will require you to face up to a few difficult facts. Something needs to be brought out into the open and exposed – without secrecy or hidden agendas that might have been a part of it until now.

Once you're able to look at the issue objectively and fairly, you'll soon see how much easier it is to make progress and bring considerably closer a cherished goal you've long wanted to be within reach.

Thursday 9th April**Dare to dream**

Transiting Venus Trines your natal Jupiter from 9th to 12th April 2020. Exact 11th April

Do you dare to dream? Do you risk pursuing any of the wild ideas likely occupying your thoughts now? The answer to both questions is undoubtedly 'yes.' Dream as much as you dare to. Entertain as many of the wild ideas as you can because, in your relationship world now, one or two dreams or ideas will lead you toward a very clever move.

You're entering a time that promises to be more rewarding than you probably suspect, and once you see evidence of rewards, you're likely to want more. Is there a downside to this? The only point to consider surrounds possible belief on your part that any inch should be seized and made into a mile.

At least one tempting possibility is presenting itself, and through your confidence being boosted, you might be oblivious to how charismatic you appear in the eyes of certain others. Go with the flow now and avoid the tendency to be forceful or overly determined. Let what is unfolding naturally do so in its own way while continuing to dream and let ideas create themselves.

Monday 13th**Keep your Wish List simple**

Transiting Mercury Opposes your natal Jupiter from 13th to 15th April 2020. Exact 14th April

We're sometimes told to be 'careful what we wish for.' Rarely do any of us make wishes flippantly or without some level of consideration. If we believe something is worth wishing for, then it gets added to the list because we have at least one reason to believe we want it.

In your relationship world now, you are easily influenced but what you're expecting is likely to happen – so expect the best! Don't allow yourself to be influenced negatively.

It is important though that your expectations are reasonable. Don't get carried away with too many ideas about what you want or what might make your world vastly better. Focus on what you know you want, need and why you want and need it. That message alone will help to ensure you attain it.

Wednesday 22nd**Tackle it confidently**

Transiting Mercury Opposes your natal Pluto from 22nd to 23rd April 2020. Exact 23rd April

The word 'worry' is, interestingly, derived from the Anglo-Saxon word 'weirgan' which means 'to strangle.' We all know how worrying about something is counterproductive yet somehow manage to continue doing it.

In your relationship world, you could be identifying a reason to worry or feel a sense of panic. It's possible a fear is being nurtured. Even if you feel such feelings are justified and very real, circumstances are encouraging you now to accept that an issue needs to be faced and dealt with confidently.

It requires action, not fed with fear. You can tackle what needs tackling and, provided you're willing to bring the issue out into the light where it can be seen clearly and put in place a strategy to resolve it, then success is assured.

Tuesday 28th April**Equal terms**

Transiting Mars Trines your natal Pluto from 28th April 2020 to 2nd May 2020. Exact 30th April

Are you feeling a need to prove yourself in some way? Or, in what way is someone expecting you to justify your position? There is a need for a crucial conversation or some level of debate or discussion to happen. There's a deal to be done and an agreement to be reached.

For you to truly benefit from this, you need to lose any belief that you are beholden, subservient or inferior to a certain person. Enter this discussion believing you have something valuable to say and offer.

If you can remain positive and sensitive, then a balance can be created between you and someone else where you have, for some time, believed an imbalance existed.

Forecast for May 2020**Tuesday 5th May****Clearing the air**

Transiting Mars Squares your natal Uranus from 5th to 8th May 2020. Exact 7th May

Each of us has a limit to how much we will tolerate regarding an undesirable situation. Some of us have long fuses. Others, well, it doesn't take much for them to air their frustrations or anger. You appear to be experiencing – or about to experience – an outburst of sorts that will make very clear where your or someone else's frustrations lie.

This frustration probably stems from a perceived obstacle that is hindering progress in some way. Let the air clear and you and you-know-who can put the tense episode behind you.

Also on Tuesday**Bring it out into the open**

Transiting Venus Trines your natal Pluto from 5th to 19th May 2020. Exact 12th May

People talk about skeletons residing in closets. They speak of issues being swept under carpets. There are always issues we prefer to keep hidden, but we know, in our hearts, when certain issues deserve to see the light of day. We owe it to ourselves and those closest to us to allow what needs to be brought out into the open to no longer be hidden under a veil of secrecy.

In your personal world, your attention is being drawn to a fact that must be faced. You can ignore it for a little while longer but be assured that, very soon, you will have to give it attention. When this happens, it will be good news.

Facing what needs to be faced will expose what has been kept secret for too long and cease to cause you to feel as if you're obliged to pretend you're comfortable in a situation that makes you feel otherwise. It's time to pursue an opportunity that you simply haven't felt was viable and, by finally doing so, you will achieve what or whom you truly desire - and deserve!

Friday 8th May**Focus on the bright side**

Transiting Mercury Opposes your natal Uranus from 8th to 10th May 2020. Exact 9th May

We often hear people speak of something called 'Murphy's Law.' This old saying applies to whatever can go wrong, going wrong. Such situations usually take us by surprise, and such a surprise is not usually one we welcome.

You can, if you wish, become despondent or resentful about a certain development but, before you do, look at how it is unlikely to have been prevented. You know something wasn't 'right' or needed improving so look closely at how a setback is spurring you on in some way.

You have no reason to feel depressed, defeated or desperate. It is time to let go of an old expectation and focus on numerous benefits attached to starting afresh in some way.

You're in the throes of reassessing and re-evaluating what - and whom - matters most to you and will soon see how gloriously bright your future is.

Wednesday 13th**Happily ever after**

Transiting Mercury Trines your natal Jupiter from 13th to 15th May 2020. Exact 14th May

Most leading fairy tale characters tend to live 'happily ever after.' Whether or not they did is something we will never know. All that we know is, one chapter in their respective worlds ended and another began and, in your world now, something awkward or tense has ended, and something better is beginning.

If you're not already seeing evidence that life is becoming sweeter, noticeably more sensible and logical, then you will soon enough. This can only have a very positive knock-on effect to your relationships and with one person in particular.

Positive and encouraging news is on its way to you, and this should help you to strike a deal or implement an arrangement of agreement that has needed discussion for some time. All you need to do is be receptive to making the positive change.

Thursday 14th**The danger of making assumptions**

Transiting Sun Opposes your natal Uranus from 14th to 17th May 2020. Exact 16th May

There's an old saying that goes 'never assume because doing so will make an ass out of you and me.' It's a somewhat clever play on the letters within the word, but we all know what problems can arise from making assumptions sometimes.

It's important you guard against certain expectations in some way now. You could be making at least one very large assumption and would be well advised not to treat anything as gospel without checking a few facts first.

A particular climate is volatile enough without being made more complicated through such errors of judgment. Don't hesitate to be a Doubting Thomas wherever possible and avoid, wherever possible, any temptation to jump to particular conclusions.

Thursday 21st May**A valuable discovery is the catalyst to transforming a situation**

Transiting Mercury Trines your natal Pluto from 21st to 23rd May 2020. Exact 23rd May

We can be surrounded by many people yet feel alone. Feeling alone can be heightened enormously when we're struggling because support we need from one or two people not being forthcoming. This means you're having to tackle a certain issue singlehandedly and aren't exactly over the moon with having to do so.

The good news is, you are very capable of tackling on your own what needs to be tackled. It is the discovery of a certain piece of information that will boost your confidence.

Once done, you will feel confident enough to face certain issues or individuals you've feared facing. You'll be more inclined to bring out into the open what has been conveniently brushed under a proverbial carpet.

This new-found confidence, combined with real desire to bring about a significant change to a certain situation, will result in very positive and necessary transformation where you have long wanted to see it.

Monday 25th**An investigative adventure**

Transiting Sun Trines your natal Jupiter from 25th to 28th May 2020. Exact 27th May

Do you own a deerstalker hat, curved Calabash pipe, and a magnifying glass? Anyone donning or holding these items would be easily identifiable as Sherlock Holmes and, in an area of your personal world now, need exists for you to become a sleuth of some kind.

There's a need to acquire information, canvass opinion and research every aspect of a particular story. You probably have your suspicions about the outcome of your efforts but are also aware of dangers surrounding being too impulsive - or assumptive - now.

What you need to confirm requires effort on your part to uncover what needs to be uncovered or identify what is waiting to be identified. Then, once you've finished your fact-gathering exercise, you can expect to find yourself surprised and then delighted in some way with what you discover.

Forecast for June 2020**Monday 1st June****Seeing a situation as it really is**

Transiting Mercury Squares your natal Jupiter from 1st to 3rd June 2020. Exact 2nd June

If you're not seeing eye-to-eye with a certain person or are aware that tension is escalating between you and someone else, then coming developments are going to do much to help.

That doesn't necessarily mean that such help won't bring with it further tension because a certain situation might need to worsen slightly before it can be improved. Think of the saying about the need to break eggs sometimes!

There appears to be uncertainty between you and someone else about an arrangement and where this goes from here. You are not as trapped as you might believe you are though.

If you're willing to make progress and improve an arrangement that may no longer be valid and in need of updating, then a superb opportunity exists to do so now. The key to achieving this lies with you not seeing an issue as being bigger or more daunting than it really is.

Wednesday 10th June**Cut the niceties and let truth reveal itself**

Transiting Sun Trines your natal Pluto from 10th to 13th June 2020. Exact 12th June

Sometimes, we hear what people say but can't help wonder what it is they really mean. Other times, we're painfully aware of how easily some people can avoid discussing a particular issue.

There are also people who want to listen but fail to grasp the concept of real, meaningful communication.

In your personal world, you're likely retracing old ground where a discussion with a particular person is concerned. Where there has been little in the way of progress previously, it is through an urgent, pressing reason presenting itself now that a need to cut niceties and exchange truth exists.

It's time for you and you-know-who to 'come clean.' Believe it is best that this has happened later than not at all and it is not too late to have the discussion that needs to be had.

Saturday 13th**Dare to dream**

Transiting Venus Retrograde Trines your natal Jupiter from 13th to 20th June 2020. Exact 16th June

Do you dare to dream? Do you risk pursuing any of the wild ideas likely occupying your thoughts now? The answer to both questions is undoubtedly 'yes.' Dream as much as you dare to. Entertain as many of the wild ideas as you can because, in your relationship world now, one or two dreams or ideas will lead you toward a very clever move.

You're entering a time that promises to be more rewarding than you probably suspect, and once you see evidence of rewards, you're likely to want more. Is there a downside to this? The only point to consider surrounds possible belief on your part that any inch should be seized and made into a mile.

At least one tempting possibility is presenting itself, and through your confidence being boosted, you might be oblivious to how charismatic you appear in the eyes of certain others. Go with the flow now and avoid the tendency to be forceful or overly determined. Let what is unfolding naturally do so in its own way while continuing to dream and let ideas create themselves.

Friday 19th**Putting your heads together**

Transiting Mars Trines your natal Uranus from 19th to 22nd June 2020. Exact 21st June

Two heads, we are told, are better than one. We also understand that many hands make light work. Fortunately, you and a certain person don't need help from others to make something special happen now.

The two of you can make something wonderful happen without intervention from others. But, for this to happen, you're going to have to put your heads together in some way.

Doing so will bring about an idea or revelation that will beg for your attention and bring about a change that will delight you.

Thursday 25th June**You can rebuild it**

Transiting Sun Squares your natal Jupiter from 25th to 28th June 2020. Exact 27th June

Weightlifters understand the concept that building muscle requires muscle fibers to be broken down and allowed to rebuild during a healing process. When they rebuild themselves, they are bigger, better and stronger than before.

The analogy holds some relevance in your personal world now. Something needs to be broken down and rebuilt in some way, but it is important you focus on how much better a situation or arrangement will be from having done so.

If something feels right and makes you feel confident and assured, then chances are it doesn't need much of your attention. Focus instead on what you know to be uncertain or unstable. It can be fixed provided you're willing to instigate necessary change that can both heal and strengthen what needs healing or strengthening.

Sunday 28th**Dare to dream**

Transiting Venus Trines your natal Jupiter from 28th June 2020 to 6th July 2020. Exact 3rd July

Do you dare to dream? Do you risk pursuing any of the wild ideas likely occupying your thoughts now? The answer to both questions is undoubtedly 'yes.' Dream as much as you dare to. Entertain as many of the wild ideas as you can because, in your relationship world now, one or two dreams or ideas will lead you toward a very clever move.

You're entering a time that promises to be more rewarding than you probably suspect, and once you see evidence of rewards, you're likely to want more. Is there a downside to this? The only point to consider surrounds possible belief on your part that any inch should be seized and made into a mile.

At least one tempting possibility is presenting itself, and through your confidence being boosted, you might be oblivious to how charismatic you appear in the eyes of certain others. Go with the flow now and avoid the tendency to be forceful or overly determined. Let what is unfolding naturally do so in its own way while continuing to dream and let ideas create themselves.

Forecast for July 2020**Friday 3rd July****Seeing a situation as it really is**

Transiting Mercury Retrograde Squares your natal Jupiter from 3rd to 9th July 2020. Exact 6th July

If you're not seeing eye-to-eye with a certain person or are aware that tension is escalating between you and someone else, then coming developments are going to do much to help.

That doesn't necessarily mean that such help won't bring with it further tension because a certain situation might need to worsen slightly before it can be improved. Think of the saying about the need to break eggs sometimes!

There appears to be uncertainty between you and someone else about an arrangement and where this goes from here. You are not as trapped as you might believe you are though.

If you're willing to make progress and improve an arrangement that may no longer be valid and in need of updating, then a superb opportunity exists to do so now. The key to achieving this lies with you not seeing an issue as being bigger or more daunting than it really is.

Monday 6th July**Curb your enthusiasm**

Transiting Mars Opposes your natal Jupiter from 6th to 10th July 2020. Exact 9th July

The word 'passion' can be used in several ways. There are the obvious connotations, but sometimes, we're driven by passion in ways that make us impulsive or hasty, and it is your impulsiveness and hastiness surrounding action you appear determined to take that needs to be reined in now.

If you're planning on standing up for yourself in some way, then you'd be well advised to wait a little bit longer before doing so because the chances are high that you could end up taking a contested issue to an extreme and making it unnecessarily complicated. Channel your passion into more interesting - and less offensive - ways.

Saturday 11th**A storm in a teacup**

Transiting Sun Squares your natal Pluto from 11th to 14th July 2020. Exact 13th July

We understand that the bark of some dogs is more of an issue than their bite. We also know how some people can talk incessantly or authoritatively but actually say very little.

Somewhere in your personal world, an annoying point of conflict is making itself known, or presence felt. It intends to ensure you take it seriously and won't take kindly to being ignored.

You, on the other hand, have the upper hand. While the issue is keen to ensure it receives the attention it deserves, you have a choice about how much of an issue you want it to be and how much of your time and attention you believe it deserves.

By all means, acknowledge the issue but see it for what it really is – a mere storm in a proverbial tea cup.

Monday 13th**Seeing a situation as it really is**

Transiting Mercury Squares your natal Jupiter from 13th to 18th July 2020. Exact 17th July

If you're not seeing eye-to-eye with a certain person or are aware that tension is escalating between you and someone else, then coming developments are going to do much to help.

That doesn't necessarily mean that such help won't bring with it further tension because a certain situation might need to worsen slightly before it can be improved. Think of the saying about the need to break eggs sometimes!

There appears to be uncertainty between you and someone else about an arrangement and where this goes from here. You are not as trapped as you might believe you are though.

If you're willing to make progress and improve an arrangement that may no longer be valid and in need of updating, then a superb opportunity exists to do so now. The key to achieving this lies with you not seeing an issue as being bigger or more daunting than it really is.

Thursday 16th July**Embrace the chaos**

Transiting Sun Trines your natal Uranus from 16th to 18th July 2020. Exact 17th July

Sometimes, when we become aware of a need to 'sort something out,' we discover there could be benefits to going above the call of duty and making a situation more chaotic or disrupted to sort it out properly.

The same can be said about an area of your personal world now. Allow chaos trying to present itself to do so. Embrace the unusual, the unpredictable or even what appears downright disruptive. We lead lives that tend to be very orderly and predictable. You're being encouraged to allow and accept disruption in your world now and look likely to be grateful for it.

It's time to alter a situation, arrangement or agreement that has been stale and static for too long. Be willing to invite some chaos and, once the proverbial dust settles, you look set to make more than one valuable discovery.

Monday 27th**Bring it out into the open**

Transiting Venus Trines your natal Pluto from 27th to 30th July 2020. Exact 28th July

People talk about skeletons residing in closets. They speak of issues being swept under carpets. There are always issues we prefer to keep hidden, but we know, in our hearts, when certain issues deserve to see the light of day. We owe it to ourselves and those closest to us to allow what needs to be brought out into the open to no longer be hidden under a veil of secrecy.

In your personal world, your attention is being drawn to a fact that must be faced. You can ignore it for a little while longer but be assured that, very soon, you will have to give it attention. When this happens, it will be good news.

Facing what needs to be faced will expose what has been kept secret for too long and cease to cause you to feel as if you're obliged to pretend you're comfortable in a situation that makes you feel otherwise. It's time to pursue an opportunity that you simply haven't felt was viable and, by finally doing so, you will achieve what or whom you truly desire - and deserve!

Also on Monday**Remain on the side-lines**

Transiting Sun Sextiles your natal Jupiter from 27th to 30th July 2020. Exact 29th July

It can be frustrating when we believe ourselves able to see what someone else cannot. A way forward might be crystal clear to us yet, for some reason, someone else simply cannot connect with it.

When this happens, some people feel inclined to take the reins and control of a situation, hoping to guide the person they believe to be misguided or oblivious to the right decision or destination.

Avoid a tendency now to believe you know what's best for others or a certain person in your world. By all means, show understanding, be willing to be supportive and compassionate but consider the fact that some people have their own agendas and are determined to stick with them.

That doesn't make either of you 'wrong' but, as much as you might believe yourself to be best placed to provide guidance or encourage someone to reconsider a belief, you could gain so much more now from stepping back and letting others do what suits them.

Wednesday 29th July**Removing the window dressing**

Transiting Mercury Squares your natal Pluto from 29th to 31st July 2020. Exact 31st July

Beauty, we know, is skin deep. However, particularly in society today, such emphasis is put on making what we see so appealing. In the same way we know we shouldn't judge books by covers, you may be placing too much emphasis on a quality or factor which is not as valuable or as relevant as it seems.

If you want to achieve or attain something that is truly and deeply satisfying, then you need to care less about something that doesn't deserve the levels of attention you appear keen to give it.

To bring about a much-needed change in this respect, a tense or potentially difficult conversation needs to be had. You might even discover you possess the courage to say a few things you've been afraid to say or chose, for reasons known best to yourself, to keep hidden.

Provided you're willing to see an unsatisfactory or disguised situation for what it is, be resolute toward improving it in whatever way you deem fit and say what you know needs to be said from the depths of your heart, then you can be assured you will have nothing whatsoever to be apologetic or regretful about.

Forecast for August 2020**Saturday 1st August****Think it through**

Transiting Mercury Trines your natal Uranus from 1st to 3rd August 2020. Exact 2nd August

Sometimes, we feel inclined to cause a stir or upheaval just to see what happens. We reach a point where we become bored with how predictable or devoid of opportunity a situation appears to have become and decide to shake things up a bit.

That's fine, provided we accept the consequences of doing so - and blame for it should fingers be pointed our direction! If you feel inclined to shake things up a bit in your relationship world, then feel free to do so.

Be aware though that action will always cause a reaction and you will need to accept responsibility for change you instigate. Be sure you want change before you take the action you're considering taking now.

Thursday 6th**Lose the excess baggage**

Transiting Mars Opposes your natal Pluto from 6th to 12th August 2020. Exact 9th August

How much does something really matter? How important is a concern that you appear to be nurturing? There's something you're taking more seriously than it deserves to be taken and it's important to accept that, where your relationship world is concerned, a story is only half told.

There is the issue surrounding how you're being pulled in various directions and encouraged to take the action you might have reservations about to alleviate unhappiness with a situation that cannot be ignored. To improve the situation, all you need to do is be willing to lose negativity associated with it.

If you can shake off the concern that seems intent on playing a part and weighing you down, you can make delightful progress now.

Friday 7th August**You can't fail to impress now**

Transiting Mercury Sextiles your natal Jupiter from 7th to 8th August 2020. Exact 8th August

Experienced magicians can impress others because of countless hours of practicing. The same can be said about musicians. To do something impressive usually takes considerable time to perfect. How frustrating it must be for them when some people overlook how much time and effort has been invested to perfect their talent or skill.

In your relationship world now, you can not only make something wonderful happen but can also impress more than one person with how you do it. You're about to make a decision that alters an unsatisfactory situation beyond recognition. The process though is not as instant as it may appear.

You've had to go through an intense trial and error period, but now that you have perfected, in your mind, a way forward, you cannot fail to impress others - including yourself!

Wednesday 12th**Confidence in measured doses**

Transiting Venus Squares your natal Jupiter from 12th to 15th August 2020. Exact 14th August

We hear people say that they or others 'don't know their own strength.' Throughout history and in popular culture, there have been many characters who possessed superhuman strength and, despite being able to make spectacular things happen, often found themselves wishing they were a bit more delicate or sensitive.

In your personal world now, you are being blessed with an impressive ability to cause things to happen with the sheer force of your will. This, combined with an ability to be smart and generally lucky, is putting you in a very strong position. Be careful.

Avoid any tendency to be unnecessarily forceful or overly determined. Where your relationships with certain people – and likely one person in particular – are concerned, you can achieve a spectacular result. Be realistic and confident. But not too confident!

Also on Wednesday**Don't succumb to 'que sera sera'**

Transiting Sun Sextiles your natal Pluto from 12th to 14th August 2020. Exact 13th August

Are you in control of a particular outcome or do you feel as if 'whatever will be, will be'?

Even if it feels as if unseen forces are at work to encourage you toward a particular outcome, and you have no option other than to allow yourself to end up wherever it is you're going to end up, it is essential that you have absolute faith in the fact that you do possess the ability to influence a situation that (understandably) gives the impression of being immovable or inflexible.

In your personal world, it is time to overcome a fear. Once done, you will be superbly placed to take control of whatever has appeared to control you and then turn a daunting situation into one that becomes much more inspiring.

Friday 14th August**Right here, right now is what matters**

Transiting Mercury Sextiles your natal Pluto from 14th to 16th August 2020. Exact 15th August

There is much to be said about adopting a 'right here, right now' attitude now. As keen as you might be to ensure something is put in place now that will facilitate a much happier and brighter tomorrow, it is what's happening here and now, particularly where your relationship world is concerned, that needs the most attention.

Don't succumb to the need to hasten a process that is unfolding in its own way and time. Despite how results and progress you wish were more encouraging or visible appear somewhere in the far-off distance, it's important you trust that you are in the throes of a very positive and transformative process. Soon, your current situation will appear vastly different.

That, however, is going to be the result of the process working on your behalf that cannot be rushed. Focus instead on here and now in the knowledge that change you yearn for is coming, and very soon.

Sunday 16th**You can fix what needs fixing**

Transiting Mercury Squares your natal Uranus from 16th to 18th August 2020. Exact 17th August

For us to 'fix' something, we need to identify in what way or ways it is broken. In the same way a doctor cannot give a diagnosis or prescription without being clear what remedy is needed, we can only fix what needs fixing if we understand what needs fixing and why.

In your relationship world, a drama is unfolding. It is through knowing how a certain situation can be adjusted or rearranged that offers the greatest and most effective way to improve it.

Ignore the desire to be somewhere else. Removing yourself is not an option or solution. The solution surrounds more meaning or depth given to a tired situation, and that's precisely what you can bring.

Have faith in the fact that you can make a situation better and time is on your side to achieve this.

Also on Sunday**Push is coming to shove**

Transiting Sun Squares your natal Uranus from 16th to 19th August 2020. Exact 18th August

Somewhere in your personal world, 'push' is about to meet 'shove.' It is only a matter of time before both come together.

You have the option to wait and see what happens when these two collide. Like any collision, there's a very strong possibility you'll not find the experience pleasurable to view or be part of.

That's why it's important you see the signs, smell the coffee or and read writing on the proverbial wall. You can bring about a change that will alleviate much of the potential stress or damage in a relationship by taking action before you're left with no alternative other than to accept what's likely to occur.

Take control and allow yourself to feel more powerful. You can do it and, when you do, you'll discover how powerful and influential you really are.

Thursday 27th August**Pushing obsession aside**

Transiting Venus Squares your natal Pluto from 27th to 30th August 2020. Exact 29th August

Something is fascinating you. Whatever it is, appears to matter a great deal to you. Why does it matter? The answer to that question has much to do with how much emphasis you're putting on it – and a seemingly strong desire you have to give it so much attention. In your personal world now, you're being pushed in a very distinct direction and to make a decision.

You're encouraged strongly to make a choice and, to do this, it's important you accept what or whom might have become an obsession and why you need to be more objective. To make progress, you need to curb a tendency to think of nothing else than the one issue or person that occupies so much of your thinking time.

This is a time to gain perspective and make decisions based on fact or at least what feels truly right and sensible and not be bullied into following a path of least resistance simply because it appears an easier or most prominent option.

Monday 31st**The power of imagination**

Transiting Venus Trines your natal Uranus from 31st August 2020 to 3rd September 2020. Exact 2nd September

What do we mean we say someone is 'imaginative' or 'creative'? We tend to associate such words with possessing artistic or musical abilities, yet there are many people who possess no writing, artistic or designing abilities who are blessed with potent imaginations.

Sometimes, to make progress when we feel we're struggling, we have no option other than to apply some creative thinking and, in your personal world now, that's precisely what you're being encouraged to do.

Through adopting an open mind and being willing to apply imagination, you're extremely well placed to set your personal, emotional or romantic life on a firmer, more meaningful - and hopefully less stressful – footing. To achieve this, you need to take a brave step into the unknown and, by applying imagination and creativity you're blessed with now, can achieve wonderful and heart-warming success.

Forecast for September 2020**Tuesday 1st September****It's 'here and now' that matters**

Transiting Mercury Sextiles your natal Uranus from 1st to 3rd September 2020. Exact 3rd September

Grass often appears greener on the other side of fences. Much often appears preferable in another place – or time! Is there something you wish you could turn the clock back now to do differently than you did way back when? In the same way it is unhelpful to be pondering the past, and what you could have done differently, it is equally unhelpful to be in too much of a rush to alter the future.

It is what's happening here, and now that needs your attention and deserves to be enjoyed and celebrated, despite how a situation may appear.

You're on the brink of a very valuable and helpful discovery where your relationship world or with a certain person is concerned. Let what's unfolding continue to do so in the knowledge that you will soon have something to be very glad of.

Tuesday 8th September**Consider your options**

Transiting Mercury Conjuncts your natal Jupiter from 8th to 10th September 2020. Exact 9th September

When in restaurants, some people don't bother to read menus. They know what they want, possibly because they've had it before and what satisfied them previously is likely to do so again. You're now presented with an opportunity to alter an aspect of your relationship with a certain person. Before you can do so, you need to see what the celestial menu includes.

If you're willing to look beyond the obvious, then you'll see how it is possible to put in place a plan that can change more than what you believe is worthy of your attention. You have options, and that's what's being made clear – or clearer – now.

Before you take action that you're being encouraged to take, take time to review all of the options on the menu because you're bound to see something you like that you probably hadn't considered!

Thursday 10th**Confidence is key**

Transiting Venus Sextiles your natal Jupiter from 10th to 12th September 2020. Exact 12th September

We know how attractive confident people can be. We know how attractive we feel when people are appreciative of us and our abilities. In your relationship world now, you're about to experience a much-needed boost to your confidence, and this has strong implications regarding what you can make happen that you truly want to make happen.

Guard against a perceived need to use extreme measures to achieve this, though. What you're experiencing now is the result of having pushed your luck in the past. You don't need to find a big, 'new' solution. All you need to do is channel confidence into allowing an existing solution to give itself a chance to work – and it will!

Wednesday 16th**A turning point, not a backward step**

Transiting Sun Sextiles your natal Uranus from 16th to 19th September 2020. Exact 18th September

There are times when we have no option other than to push a point. We are all capable of accepting or tolerating a situation to a certain point and then it becomes clear that something must 'give.'

Within your personal world now, you could be increasingly aware of how you might have been too quick to reject something - or someone – you previously felt so able to accept. This is causing you to doubt your judgment about a particular matter and possibly believe yourself to be illogical, impractical or inconsistent.

It's important to understand that you have finally reached a turning point in some way regarding an agreement or arrangement. It's also important that you believe this is extremely positive and worth celebrating, not a cause for consolation.

Friday 18th September**Taking a brave step**

Transiting Mercury Conjuncts your natal Pluto from 18th to 21st September 2020. Exact 20th September

A moment of clarity is imminent. So too is a breath-taking transformation. With change imminent, you are understandably feeling some level of apprehension and, if you want to experience less, then it's essential you look closely at what – or whom – you're so anxious to retain control of. A situation in your relationship world needs reassessing and re-evaluating. This process will, undoubtedly, result in a revelation and a less than desirable situation becoming very different in a positive way once this revelation occurs.

This won't happen on its own though. It will require you to take action in a way you've possibly been reluctant to take previously. Don't fear what is unfolding now.

Don't fear a need to ask for help where you need it, either. What's happening is necessary and extremely positive. Once your apprehension and uncertainty clear, you will not need reminding of this.

Wednesday 23rd**The key to happiness is yours**

Transiting Venus Sextiles your natal Pluto from 23rd to 26th September 2020. Exact 25th September

It's both easy and natural for us to want what we haven't got. When we become aware of an absence, we start to identify ways in which we might be happier if only we had what is missing. The other side of the proverbial coin involves wishing something was removed from our world, believing life would be simpler and happier without it.

In your personal world now, you are being granted an exceptional opportunity to be happy. To seize and benefit from this opportunity, all you need to do is stop focusing on what might go wrong in a certain situation.

Avoid succumbing to a tendency to be overly cautious or pessimistic. If you are willing to relax and believe wholeheartedly that an uncertain situation can and will improve, then you can expect to be surprised at how much quicker happiness starts to permeate your world.

Sunday 27th**Stepping up to the plate**

Transiting Venus Squares your natal Uranus from 27th to 29th September 2020. Exact 29th September

Sometimes, we feel a need to instigate change for the sake of instigating change. Other times, we do this to send a clear message to certain people that we are in control of ourselves or situations when we believe perception exists otherwise. In your personal world now, there exists a need to create a 'mini-revolution.'

In some way, you have been restricted and held back for too long, and you're very aware of what has become unacceptable within a situation or arrangement. You're being granted an ability to express yourself now and while the urge to rebel is likely intensifying, so too is a perceived need to remove yourself entirely from an undesirable scenario.

Soon, what doesn't make sense will make sense. For now, trust how you're being challenged and all that appears awkward is helping you to re-evaluate everything. Once done, you will bring about the very change you've long wanted to see happen.

Sunday 27th September**Some things cannot and will not be hurried**

Transiting Sun Conjuncts your natal Jupiter from 27th to 30th September 2020. Exact 29th September

It doesn't matter how much we shout at a tiny chute or seedling emerging from the ground, demanding it hurries up and grows. It has its own plan and fully intends to do what it wants and needs to do in its own time and way.

In your personal world now, what is it that you wish would 'hurry up' or manifest in ways that perhaps suit you only? Ask yourself why you feel so impatient or are possibly lacking in confidence.

You're better prepared for what's unfolding in an area of your personal world than you perhaps believe yourself to be. Refuse to doubt yourself, trust your judgment and allow your inner confidence to shine. You've every reason now to trust what you've learned from previous experience and not succumb to a perceived need that you are in need of assistance or guidance.

Let what's happening now continue to progress, and you'll soon see how ideal it is for you.

Forecast for October 2020**Wednesday 7th October****Lose the excess baggage**

Transiting Mars Retrograde Opposes your natal Pluto from 7th to 14th October 2020. Exact 11th October

How much does something really matter? How important is a concern that you appear to be nurturing? There's something you're taking more seriously than it deserves to be taken and it's important to accept that, where your relationship world is concerned, a story is only half told.

There is the issue surrounding how you're being pulled in various directions and encouraged to take the action you might have reservations about to alleviate unhappiness with a situation that cannot be ignored. To improve the situation, all you need to do is be willing to lose negativity associated with it.

If you can shake off the concern that seems intent on playing a part and weighing you down, you can make delightful progress now.

Monday 12th**Allow inner strength to overcome vulnerability**

Transiting Sun Conjuncts your natal Pluto from 12th to 15th October 2020. Exact 14th October

Are you feeling particularly sensitive now? Vulnerable? Emotionally volatile? If the answer to any or all of these is 'yes,' then that's good news.

You're about to invest a bit more faith in what your intuition is trying to tell you than you might be used to investing. If you're willing to push aside fear, guilt or any tendency to feel panic stricken or needy, then you'll soon hear, very clearly, what the message is from deep within yourself.

A decision doesn't need weighing up in the extensive ways you might feel inclined to offer it. You know what it is you need to do, but fear and uncertainty could be distorting the message in the same way a de-tuned television or radio is unhelpful.

You are right to expect tender moments and feelings of being unprotected or vulnerable. Make sure guilt, shame, embarrassment or fear play no part in what you're feeling though. Any attention they're given is misplaced, and the inner strength you're gaining now will ensure, very soon, that they play no part in what – and whom – you're now confirming does play an integral role in your future needs.

Friday 23rd October**Knowledge is power**

Transiting Venus Sextiles your natal Uranus from 23rd to 25th October 2020. Exact 24th October

Some peoples' sweet smiles often conceal hidden agendas. We can't always tell who is supportive of us and who has plans to scupper our plans. In your relationship world now, there is strong likelihood that someone has an unconscious agenda of doubt or mistrust.

The good news is, there is little you need to do to encourage what has been hidden into the open. Little effort on your part is required to make right what has been wrong of late.

You're about to be in a stronger and more knowledgeable position through information that will come to light shortly. It might not have you punching the air with joy, but you will be grateful for the fact that you will soon be in a much stronger position to know precisely what you will need to do next.

Saturday 31st**Doing 'the right thing'**

Transiting Venus Conjuncts your natal Jupiter from 31st October 2020 to 3rd November 2020. Exact 2nd November

A mistake, they say, is only a mistake if we make it a second time. It's easy for 'them' to say that, though. We know how we feel when we make an error of judgment. We are very aware when we fail to do 'the right thing.' How often do we find that what we thought was a mistake is a blessing in disguise?

Until we can see evidence of having done 'the right thing,' we remain unconvinced. That's why, in your personal world now, you need to be more optimistic about that fact that you haven't made an error in any way. It's true that a new development is heading your direction. It's also true that a process you have set in motion is going to cause you to have to reassess certain priorities.

Where you feel powerless, you can expect strength. Where you feel uninspired, you can soon expect to feel inspired. Have faith in the fact that what you've started has begun properly despite possible appearances to the contrary and, through continuing to have faith in the fact that you have done 'the right thing,' you can expect positive progress, very soon.

Forecast for November 2020**Friday 13th November****The power of passion**

Transiting Venus Conjuncts your natal Pluto from 13th to 15th November 2020. Exact 14th November

Passion is always attractive. So too, is confidence. Passionate and confident people will always have the ability to turn heads or attract attention, and that might explain why you're being seen in such ways now. If you're not aware of how you are radiating intensity and carrying a particular kind of power, then you will, very soon.

That's why you need to understand what or whom you're becoming so passionate about. Is your passion being expressed positively or might it be attached to a dubious or even dangerous idea?

Try to curb your enthusiasm if you can because you could be at risk of going a bit too far too quickly. But perhaps that is a risk you're willing to ignore and take!

Sunday 15th November**See the funny side**

Transiting Sun Conjuncts your natal Uranus from 15th to 18th November 2020. Exact 17th November

Comedies, in the film scriptwriting world, are known as 'personal dramas.' That's because what's happening to the main character is hilarious to those watching the film but isn't the least bit funny to the main character. What they're doing, or undertaking is serious, and the attainment of success means much to them.

In your personal world, you're about to find a reason to laugh or at least smile at something within all that seems too serious and challenging.

Steer clear as best you can of others' opinions on a certain matter. Aim to identify truth within a situation. Above all, see what's amusing within the chaos. Despite seemingly impossible situations, ludicrous challenges and ridiculous dramas, there is a reason to smile and your ability to do this will help you to see exactly what you need to do.

Thursday 26th**Remain on the side-lines**

Transiting Sun Sextiles your natal Jupiter from 26th to 29th November 2020. Exact 28th November

It can be frustrating when we believe ourselves able to see what someone else cannot. A way forward might be crystal clear to us yet, for some reason, someone else simply cannot connect with it.

When this happens, some people feel inclined to take the reins and control of a situation, hoping to guide the person they believe to be misguided or oblivious to the right decision or destination.

Avoid a tendency now to believe you know what's best for others or a certain person in your world. By all means, show understanding, be willing to be supportive and compassionate but consider the fact that some people have their own agendas and are determined to stick with them.

That doesn't make either of you 'wrong' but, as much as you might believe yourself to be best placed to provide guidance or encourage someone to reconsider a belief, you could gain so much more now from stepping back and letting others do what suits them.

Friday 27th**The answer needs to come from the heart**

Transiting Mercury Conjuncts your natal Uranus from 27th to 29th November 2020. Exact 28th November

Computers will always do as they're told. They can't think for themselves, even if it appears they can. Any decisions they make on our behalf are made according to a program. If 'X' occurs, then the computer knows to implement 'Y.'

With that in mind, consider certain conclusions you're reaching now. Are they being made in such a cold and calculated way? There's nothing wrong with applying logic to what needs sorting now.

However, logic needs to be mixed with what your heart is telling you and therein lies the reason for potential conflict. Your heart needs to play a bigger part in a decision you're making now.

Allow it more room to do so and the balance between what it is saying and what logic is saying will be restored. In your personal life now, that's precisely the balance that you need.

Forecast for December 2020

Friday 4th December

You can't fail to impress now

Transiting Mercury Sextiles your natal Jupiter from 4th to 6th December 2020. Exact 5th December

Experienced magicians can impress others because of countless hours of practicing. The same can be said about musicians. To do something impressive usually takes considerable time to perfect. How frustrating it must be for them when some people overlook how much time and effort has been invested to perfect their talent or skill.

In your relationship world now, you can not only make something wonderful happen but can also impress more than one person with how you do it. You're about to make a decision that alters an unsatisfactory situation beyond recognition. The process though is not as instant as it may appear.

You've had to go through an intense trial and error period, but now that you have perfected, in your mind, a way forward, you cannot fail to impress others - including yourself!

Thursday 10th

The importance of choosing wisely

Transiting Venus Conjuncts your natal Uranus from 10th to 12th December 2020. Exact 12th December

The phrase 'falling in love' is a curious one. The word 'falling' implies we have little control over what we're experiencing and have no other option than invest huge amounts of faith in the fact that we'll be safe. Interestingly, we're often told to be careful about what we 'fall' for, meaning there is a risk that we could end up being deceived or duped.

In your personal world now, it's important to be careful about what – or whom – you're potentially 'falling' – or wishing - for. This isn't due to a possibility that you won't get what you want. It has much more to do with you likely attaining what or who you want only to discover that you should have been seeking something or someone else. In deciding, you needn't be specific.

Neither do you need to make grand or far-reaching plans for the future. You do, however, need to be discriminating and should you choose to pursue a particular plan or dream, be certain it feels right from the outset. An incorrect choice could result in a situation that might take you a long time to free yourself from.

Friday 11th

Don't succumb to 'que sera sera'

Transiting Sun Sextiles your natal Pluto from 11th to 14th December 2020. Exact 13th December

Are you in control of a particular outcome or do you feel as if 'whatever will be, will be'?

Even if it feels as if unseen forces are at work to encourage you toward a particular outcome, and you have no option other than to allow yourself to end up wherever it is you're going to end up, it is essential that you have absolute faith in the fact that you do possess the ability to influence a situation that (understandably) gives the impression of being immovable or inflexible.

In your personal world, it is time to overcome a fear. Once done, you will be superbly placed to take control of whatever has appeared to control you and then turn a daunting situation into one that becomes much more inspiring.

Monday 14th December**Lose the excess baggage**

Transiting Mars Opposes your natal Pluto from 14th to 20th December 2020. Exact 17th December

How much does something really matter? How important is a concern that you appear to be nurturing? There's something you're taking more seriously than it deserves to be taken and it's important to accept that, where your relationship world is concerned, a story is only half told.

There is the issue surrounding how you're being pulled in various directions and encouraged to take the action you might have reservations about to alleviate unhappiness with a situation that cannot be ignored. To improve the situation, all you need to do is be willing to lose negativity associated with it.

If you can shake off the concern that seems intent on playing a part and weighing you down, you can make delightful progress now.

Also on Monday**Right here, right now is what matters**

Transiting Mercury Sextiles your natal Pluto from 14th to 16th December 2020. Exact 15th December

There is much to be said about adopting a 'right here, right now' attitude now. As keen as you might be to ensure something is put in place now that will facilitate a much happier and brighter tomorrow, it is what's happening here and now, particularly where your relationship world is concerned, that needs the most attention.

Don't succumb to the need to hasten a process that is unfolding in its own way and time. Despite how results and progress you wish were more encouraging or visible appear somewhere in the far-off distance, it's important you trust that you are in the throes of a very positive and transformative process. Soon, your current situation will appear vastly different.

That, however, is going to be the result of the process working on your behalf that cannot be rushed. Focus instead on here and now in the knowledge that change you yearn for is coming, and very soon.

Saturday 19th**Confidence is key**

Transiting Venus Sextiles your natal Jupiter from 19th to 21st December 2020. Exact 20th December

We know how attractive confident people can be. We know how attractive we feel when people are appreciative of us and our abilities. In your relationship world now, you're about to experience a much-needed boost to your confidence, and this has strong implications regarding what you can make happen that you truly want to make happen.

Guard against a perceived need to use extreme measures to achieve this, though. What you're experiencing now is the result of having pushed your luck in the past. You don't need to find a big, 'new' solution. All you need to do is channel confidence into allowing an existing solution to give itself a chance to work – and it will!

Wednesday 23rd December**Seeing a situation as it really is**

Transiting Mercury Squares your natal Jupiter from 23rd to 25th December 2020. Exact 24th December

If you're not seeing eye-to-eye with a certain person or are aware that tension is escalating between you and someone else, then coming developments are going to do much to help.

That doesn't necessarily mean that such help won't bring with it further tension because a certain situation might need to worsen slightly before it can be improved. Think of the saying about the need to break eggs sometimes!

There appears to be uncertainty between you and someone else about an arrangement and where this goes from here. You are not as trapped as you might believe you are though.

If you're willing to make progress and improve an arrangement that may no longer be valid and in need of updating, then a superb opportunity exists to do so now. The key to achieving this lies with you not seeing an issue as being bigger or more daunting than it really is.

Saturday 26th**You can rebuild it**

Transiting Sun Squares your natal Jupiter from 26th to 28th December 2020. Exact 27th December

Weightlifters understand the concept that building muscle requires muscle fibers to be broken down and allowed to rebuild during a healing process. When they rebuild themselves, they are bigger, better and stronger than before.

The analogy holds some relevance in your personal world now. Something needs to be broken down and rebuilt in some way, but it is important you focus on how much better a situation or arrangement will be from having done so.

If something feels right and makes you feel confident and assured, then chances are it doesn't need much of your attention. Focus instead on what you know to be uncertain or unstable. It can be fixed provided you're willing to instigate necessary change that can both heal and strengthen what needs healing or strengthening.

Thursday 31st**The key to happiness is yours**

Transiting Venus Sextiles your natal Pluto from 31st December 2020 to 2nd January 2021. Exact 1st January 2021

It's both easy and natural for us to want what we haven't got. When we become aware of an absence, we start to identify ways in which we might be happier if only we had what is missing. The other side of the proverbial coin involves wishing something was removed from our world, believing life would be simpler and happier without it.

In your personal world now, you are being granted an exceptional opportunity to be happy. To seize and benefit from this opportunity, all you need to do is stop focusing on what might go wrong in a certain situation.

Avoid succumbing to a tendency to be overly cautious or pessimistic. If you are willing to relax and believe wholeheartedly that an uncertain situation can and will improve, then you can expect to be surprised at how much quicker happiness starts to permeate your world.

Forecast Until 20th January 2021

Friday 1st January

Removing the window dressing

Transiting Mercury Squares your natal Pluto from 1st to 3rd January 2021. Exact 3rd January

Beauty, we know, is skin deep. However, particularly in society today, such emphasis is put on making what we see so appealing. In the same way we know we shouldn't judge books by covers, you may be placing too much emphasis on a quality or factor which is not as valuable or as relevant as it seems.

If you want to achieve or attain something that is truly and deeply satisfying, then you need to care less about something that doesn't deserve the levels of attention you appear keen to give it.

To bring about a much-needed change in this respect, a tense or potentially difficult conversation needs to be had. You might even discover you possess the courage to say a few things you've been afraid to say or chose, for reasons known best to yourself, to keep hidden.

Provided you're willing to see an unsatisfactory or disguised situation for what it is, be resolute toward improving it in whatever way you deem fit and say what you know needs to be said from the depths of your heart, then you can be assured you will have nothing whatsoever to be apologetic or regretful about.

Monday 4th

It's 'here and now' that matters

Transiting Mercury Sextiles your natal Uranus from 4th to 6th January 2021. Exact 5th January

Grass often appears greener on the other side of fences. Much often appears preferable in another place – or time! Is there something you wish you could turn the clock back now to do differently than you did way back when? In the same way it is unhelpful to be pondering the past, and what you could have done differently, it is equally unhelpful to be in too much of a rush to alter the future.

It is what's happening here, and now that needs your attention and deserves to be enjoyed and celebrated, despite how a situation may appear.

You're on the brink of a very valuable and helpful discovery where your relationship world or with a certain person is concerned. Let what's unfolding continue to do so in the knowledge that you will soon have something to be very glad of.

Saturday 9th

A storm in a teacup

Transiting Sun Squares your natal Pluto from 9th to 12th January 2021. Exact 11th January

We understand that the bark of some dogs is more of an issue than their bite. We also know how some people can talk incessantly or authoritatively but actually say very little.

Somewhere in your personal world, an annoying point of conflict is making itself known, or presence felt. It intends to ensure you take it seriously and won't take kindly to being ignored.

You, on the other hand, have the upper hand. While the issue is keen to ensure it receives the attention it deserves, you have a choice about how much of an issue you want it to be and how much of your time and attention you believe it deserves.

By all means, acknowledge the issue but see it for what it really is – a mere storm in a proverbial tea cup.

Monday 11th January**Happily ever after**

Transiting Mercury Trines your natal Jupiter from 11th to 12th January 2021. Exact 12th January

Most leading fairy tale characters tend to live 'happily ever after.' Whether or not they did is something we will never know. All that we know is, one chapter in their respective worlds ended and another began and, in your world now, something awkward or tense has ended, and something better is beginning.

If you're not already seeing evidence that life is becoming sweeter, noticeably more sensible and logical, then you will soon enough. This can only have a very positive knock-on effect to your relationships and with one person in particular.

Positive and encouraging news is on its way to you, and this should help you to strike a deal or implement an arrangement of agreement that has needed discussion for some time. All you need to do is be receptive to making the positive change.

Tuesday 12th**Confidence in measured doses**

Transiting Venus Squares your natal Jupiter from 12th to 14th January 2021. Exact 13th January

We hear people say that they or others 'don't know their own strength.' Throughout history and in popular culture, there have been many characters who possessed superhuman strength and, despite being able to make spectacular things happen, often found themselves wishing they were a bit more delicate or sensitive.

In your personal world now, you are being blessed with an impressive ability to cause things to happen with the sheer force of your will. This, combined with an ability to be smart and generally lucky, is putting you in a very strong position. Be careful.

Avoid any tendency to be unnecessarily forceful or overly determined. Where your relationships with certain people – and likely one person in particular – are concerned, you can achieve a spectacular result. Be realistic and confident. But not too confident!

Thursday 14th**A turning point, not a backward step**

Transiting Sun Sextiles your natal Uranus from 14th to 16th January 2021. Exact 15th January

There are times when we have no option other than to push a point. We are all capable of accepting or tolerating a situation to a certain point and then it becomes clear that something must 'give.'

Within your personal world now, you could be increasingly aware of how you might have been too quick to reject something - or someone – you previously felt so able to accept. This is causing you to doubt your judgment about a particular matter and possibly believe yourself to be illogical, impractical or inconsistent.

It's important to understand that you have finally reached a turning point in some way regarding an agreement or arrangement. It's also important that you believe this is extremely positive and worth celebrating, not a cause for consolation.
