Forecaster

Hi Barack,

Life, in common with the planets, moves in cycles and knowing when those cycles begin and end is invaluable when it comes to living your life to the full. There will not always be an exact transit or interpretation shown for every day.

As the planets move around the zodiac they form angles or 'aspects' to the planets in your birth chart. In astrology, these 'aspects' are known as 'transits' and your personal transits are interpreted in the pages that follow, together with the exact date each planet enters the orb of influence and finally exits.

Your Forecaster details the movements of the Sun, Mercury, Venus and Mars - known as the personal inner planets - that signify variations in your level of vitality and your feelings, what you value most as well as the way you think and assert yourself.

Events therefore occur in differing ways according to the natal planet positions outlined in your birth chart. There will not always be an exact transit or interpretation shown for every day.

Please note, at the beginning of your Forecaster, you will find your birth chart and aspect grid with a list of the planet aspects of your birth chart. What follows are interpretations of transiting planets and the aspects, they make to the planet positions of your birth chart.

Your Forecaster should only be used as a helpful guide. At all times, it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

Retrograde Motion and Why Interpretations Repeat

Sometimes you will notice the interpretation is repeated, because at certain times, when viewed from the Earth, the planet involved may appear to move backwards, then forwards over a specific period, re-creating the same 'transit' several times.

Like when 2 trains travelling in the same direction, pass one another at different speeds, the slower train when viewed from the fast one appears to go backwards. This apparent backwards motion of planets is known as 'retrograde' motion, when this occurs it is indicated by the RX retrograde symbol.

Astrologers treat triple transits quite seriously as it shows where you have an opportunity to think again about your actions before the aspect finally completes.

This is, in fact, a common event. It happens when the transiting planet goes retrograde. The transiting planet contacts the natal planet first moving forward ("direct"), then it appears to reverse direction, contacting the natal planet a second time.

Whatever began on the "first contact" may seem to reverse itself, seemingly needing to be reconsidered and re-attempted - the scheme, conversation or relationship isn't going forward as originally expected.

Then, when the retrograde is over, the transiting planet advances again ("goes direct"), and connects with the natal planet again! For this reason, Forecaster report shows the repeated time periods when they occur.

Long Term Trends

Developing or Exaggerating Trends

Jupiter trends from 13th April 2017 to 12th April 2018

August 19th 2016 onwards to October 11th 2017

Resources

♃ 8th

Jupiter transits your natal 8th house

There is a possibility of an inheritance, or financial benefit through property, insurance or other people's resources. This could also be an excellent time to establish a new business partnership to request money or a loan from others, as they will now be more willing to help. No matter how disruptive, upheavals and changes in your life should work to your benefit and ultimately be for the best. Religious and spiritual matters may fascinate you and your philosophy may now be influenced by metaphysical or esoteric interests and beliefs.

May 24th 2017 onwards to June 24th 2017

Achievements

♃ ✨ ☺

Transiting Jupiter Sextiles your natal Sun

Use this time for calm, peaceful reflection on your life's achievements so far. Don't attempt to do anything too active or strenuous; use this time to take it easy and relax.

Whatever you put your mind to, or plan, will seem to flow easily and smoothly again, reducing daily tension and strain. Feeling confident and optimistic, you will probably achieve far more at this leisurely and flowing pace than you would when working flat-out under tremendous strain.

Because of your good sense of fun, enthusiasm and willingness to co-operate and pool resources with others help, support and new opportunities will come from unexpected sources. Your talents and abilities will be noticed, especially by people in authority. Your own previous generosity is now likely to be returned.

Feeling great, you will want to spend more time with friends and lovers; therefore your social life, and romance, is also likely to improve around now. There are good times to be had! Travel is likely.

This is a time when very little will anger or irritate you; even if something goes wrong, you will be philosophical and be able to put it into perspective. You may even decide to call a truce with previously held grudges.

Good fortune may also smile upon you, perhaps through some legal matter or speculative investment, so if a financial bonus does come your way - enjoy it!

July 31st 2017 onwards to August 14th 2017**Tremendous impact**

♃ △ AS

Transiting Jupiter Trines your natal Ascendant

You will get on with friends, family and lovers much better than usual during this time. Surround yourself with friends - this is not a time to be alone - it is a time for learning, generosity and sharing. New friendships will be formed, but one special individual could have a tremendous impact on your life.

A new romance or love affair may start as a fun flirtation - but it will probably end as an enduring and loving relationship. This would be an excellent time to be married, or set up home with a long-term lover. Good fortune will be on your side.

Retraining or study is likely. Don't ignore opportunities to better yourself. No matter how doubtful you feel that you will actually ever use the training now on offer - take advantage of this chance. You will be surprised just how useful this training will be right throughout your lifetime. You may also now become more involved in studying religious or metaphysical studies.

September 11th to 22nd 2017**Unexpected surprises**

♃ ✖ ♅

Transiting Jupiter Sextiles your natal Uranus

It's good news time with a few unexpected surprises along the way! You are likely to hear or receive some kind of communication during this period that should lift your spirits. This could affect any area of your life - romance, career, home, business or health.

Because of your good sense of fun, enthusiasm, willingness to co-operate and pool resources with others, help, support and new opportunities will come from unexpected sources. Your talents and abilities will be noticed, especially by people in authority. Your own previous generosity is now likely to be returned.

You may find yourself dealing with the public much more than usual during this time, so be confident because the outcome should be extremely successful.

One special individual may certainly have a powerful effect on your life. This person may come from a completely different background or social circle, possibly even from abroad. Existing relationships could certainly reach that next important stage and become more stable, secure and permanent. All love affairs, marriages and relationships should now benefit from more love, warmth and tenderness, strengthening emotional and sensual bonds.

September 12th to 22nd 2017**Confusion**

♃ □ ♄

Transiting Jupiter Squares your natal Saturn

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated as if you could conquer the world, and the next minute, be plunging to the depths of depression, questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them, even if you are in one of your 'doubting' moods. These opportunities will represent a new chance to break free from outworn, inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forward and then two steps backwards. This period is all about balanced personal growth. For everything you learn, something will have to fall by the wayside - maybe an outworn idea, maybe a mundane job, maybe even a stale relationship - but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time so don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

October 8th to 18th 2017**Unrealistic expectations**

♃ □ ♃

Transiting Jupiter Squares your natal Jupiter

An event from the past may now influence present and future plans. Your mind will be full of ideas for the future. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path - especially emotional obstacles.

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. Beware trying to accomplish too much too fast.

Beware extravagance in all financial, business and career matters. Avoid exaggeration and don't promise more than you can deliver. Don't become involved in shady business deals that are just slightly on the wrong side of the law. This would certainly not be the best time to fight any legal battles.

If possible, temporarily postpone foreign travel or dealings with long distance business negotiations. Also, your privacy may be invaded in some way during this time, perhaps by unwanted visitors suddenly appearing on your doorstep.

October 11th 2017 onwards to November 3rd 2018**Horizons**♃ 9th

Jupiter transits your natal 9th house

This is a time when your views on life will mature and change. You may now have opportunities for long distance travel, for study and also for teaching others. If you are unable to travel, you may have more contact with foreigners or people from different backgrounds or cultures. This is an excellent time for anyone connected with the media, especially writers and publishers.

October 13th to 22nd 2017**Sympathetic**

Transiting Jupiter Trines your natal Venus

During this time, you will put others before yourself and will be seen as sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself, or simply have a strong shoulder for a friend in need to lean on. Any help, that you give now for friends, will be repaid with gratitude and love in the future.

Love, romance and friendship will all be highlighted. You will want to spend as much time as you can with people you love - enjoying their company. This could be the beginning of a pleasant, romantic love affair. But, three words of warning, watch your diet. You are likely to become somewhat self-indulgent, eating and drinking just that little bit too much!

Strenuous work should be avoided, as you will be feeling unhurried, easygoing and carefree. However, as creativity should also be enhanced, and if you've recently been lacking the necessary inspiration to pursue creative and artistic projects, then now is the time to try writing, composing music, drawing, painting; whatever you consider is your field. The end results could bring tremendous satisfaction.

If you don't consider yourself particularly creative then perhaps you may take up a new study or retrain in your job or career. Travel or a holiday would also be a good idea around now.

A financial windfall may come your way, but in wanting to surround yourself with beauty and the luxuries of life, the cash may be spent just as suddenly and quickly as it arrived!

October 15th to 25th 2017**Over confidence**

Transiting Jupiter Squares your natal Mercury

Your mind will be full of ideas and plans for the future during this time. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path. Interference and criticism will not be easily tolerated.

Nevertheless, talking and communicating with others and sharing your ideas will also be important to you - but you must also be willing to listen to their viewpoint as well. Ignoring others' needs and wants will not necessarily be an act of deliberate malice, but a result of exuberance and over-enthusiasm to see your own plans go into action and come to fruition. However, in envisaging an overall large-scale scheme and outline for the future, you may overlook small, but vital, details.

Therefore, in ignoring these small, but necessary and practical details, despite your enthusiasm, you may lack the necessary discipline to put your grand ideas into practice. Too many unresolved petty details could leave your mind confused and in a muddle. The small things of life may start to go wrong, a car breakdown, missing a bus, losing credit cards, etc. Headaches could result.

If possible, temporarily postpone foreign travel or dealings with long distance business negotiations. Also, your privacy may be invaded in some way during this time - perhaps by unwanted visitors suddenly appearing on your doorstep.

November 6th to 15th 2017**Calling the shots**

Transiting Jupiter Sextiles your natal Pluto

Sensing inevitable changes in your life, this is a time for restructuring and planning ahead for the future. Travel is likely. You will also demand more personal freedom and independence. After all, important decisions can't be made if you are feeling trapped and hemmed in by restrictions.

However, do take the advice of older people or people in authority. What they are telling you now is sensible, practical and should be heeded.

Feeling powerful and in control, you will want to be the one calling the shots. You will want to be the one in control. And thankfully, to your benefit, others will be willing to allow you to take control. Sensing your confidence and determination, they will now be satisfied to follow your lead. As long as your conduct remains reasonable and considerate there should be no major ego conflicts at this time - despite your tendency to dominate.

You also may suddenly develop a deeper interest in mystical or spiritual matters. Perhaps you will now be introduced to new beliefs, or old ones will be reinforced. In any case, this would be an excellent time to study and appraise spiritual beliefs.

November 13th to 23rd 2017**Finding yourself**

Transiting Jupiter Conjuncts your natal Neptune

Start of new 11-12 year period of 'being at peace with yourself'

During this time the deeper, more profound and perhaps even spiritual meaning of life will be addressed. Your own individual religious beliefs will dominate your thoughts and being.

You may seek to 'find yourself' through travel, perhaps even go on long distance journeys on a particular kind of pilgrimage. This could be a search for religious experiences, or to satisfy a charitable need to help the underprivileged of this world.

Feeling a surge of warmth and compassion towards everyone around you, generosity of spirit and sympathy will now come to the fore. Family, friends, and anyone in need, will now benefit from your kindness and understanding.

If artistically inclined, then this could be a time of great inspiration and creative achievement.

However, a word of warning, you may also try to escape the harsher realities of life by preferring to live in a world of daydreams. Therefore, this wouldn't be the best time to make any major decisions concerning your future, especially financial decisions. Gambling and speculative investment should also be avoided until this period has passed, as at this time decision making abilities may be clouded by ideals rather than practical considerations.

December 2nd to 12th 2017**Expectations**

Transiting Jupiter Squares your natal Sun

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. Beware trying to accomplish too much too fast.

Financial extravagance and blind optimism could deplete your cash flow. You may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes. Money could also be squandered through being over-generous. Generosity is a virtue, but not when it is clouded by ulterior motives.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Wanderlust could lead to travel, especially if you feel the urge to escape daily routine and responsibilities.

December 31st 2017 onwards to January 14th 2018**Look before you leap**

Transiting Jupiter Squares your natal Ascendant

This is a time when you will try to use other people, be they either personal or business contacts, to get ahead in life. But beware arrogance and be careful not to end up taking everything and giving nothing in return. Remember to help those who have helped you.

Financial extravagance and blind optimism could also deplete your cash flow - you may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your conduct selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom and then refuse to give it!

February 3rd 2018 onwards to April 10th 2018**Enthusiasm and self confidence**

Transiting Jupiter Sextiles your natal Mars

This should be a period of steady growth, especially in all business, legal and financial matters. Also, understanding that you are likely to need the support and co-operation of friends and colleagues, you will win their trust and confidence through honest, fair dealings. Not feeling threatened; they will help you along the path of success.

With energy levels, enthusiasm and self-confidence running high - there is very little that will get you down, or stand in your way, as you diligently strive towards reaching definite goals and ambitions. You know exactly what you want and intend to get it! For now, split second decisions can be made accurately and quickly with excellent timing - there will be no dithering. Success will create more motivation and that in turn will bring more success!

But don't just sit back and expect opportunities to just 'drop into your lap'. You must be prepared to both look for, and create, new opportunities for yourself.

Physical strength and health should also improve around this time.

Collaboration

♄11th

Saturn transits your natal 11th house, REPEATED when direct from 25th October 2017 to 17th March 2019

At the moment your friends may either present you with the challenge to face your deepest insecurities and inhibitions, or they may become something of a burden - dumping their problems onto you. You must resist the temptation to feel responsible for taking on problems that they should be dealing with themselves. There is also the possibility that some friendships or associations will end or be less easygoing than usual. You may now find it difficult to work with others but if you overcome obstacles and become a team player, the future rewards could be well worth the effort.

May 20th 2017 onwards to June 18th 2017

Your best shot

♄♁♂♃

Transiting Saturn Retrograde Trines your natal Uranus, REPEATED when direct from 27th October 2017 to 17th November 2017. Exact 7th November

Business and financial transactions will be highlighted during this time. A combination of your practical common sense and intuitive understanding of the needs of all parties will strengthen negotiations and contracts. Promotions and pay rises could also unexpectedly brighten this period.

During this period you will be capable of extremely hard work, concentrating a great deal of energy and drive towards achieving goals and ambitions. You will be able to see the whole picture, fitting many small details into an overall picture - much like putting together a jigsaw puzzle. Having reaped the rewards of past experiences there will be more stability in your life - a combination of the old and new. Changes made in previous years, which may have seemed painful then, will be more appreciated now.

Interference will not be tolerated, but all your actions and thoughts will be controlled and well thought out. If there is hard work to be done, then a combination of energy, self-assertion and aggression will enable you to complete what you set out to do. In short, you will give everything your very best shot.

June 22nd 2017 onwards to October 25th 2017

Status

♁♄10th

Saturn Retrograde transits your natal 10th house

If you have worked hard you should now experience recognition and rewards. You will finally know what you want from life. The crop you have sown over the past 20-24 years will now be harvested, for better or worse. If you have played fair on your way up to the top, then this should herald a peak in your career. However, if rules have been broken, the very opposite could apply. Either way, professionally, this is a time of greater responsibility. Use this opportunity to make an impression on everyone around you. But try to strike a balance between personal and professional commitments, or loved ones may be neglected and shut out.

June 27th 2017 onwards to August 2nd 2017**Temper, temper**

Transiting Saturn Retrograde Squares your natal Mars, REPEATED when direct from 15th September 2017 to 19th October 2017. Exact 6th October

Your fiery temper will be at its fiercest at the moment. Unrelenting anger will be stirring inside you and heaven help the innocent bystander when this anger is vented!

You may not even understand why you are feeling so irritated and resentful, but for some of you, it is the culmination of months of frustration and you can now no longer sit back and ignore the unacceptable situation around you.

Ego clashes are likely with everyone and anyone who happens to be around! Lovers, business colleagues, friends and family - none will escape your wrath.

Work could seem arduous as every step you take forward, you may take two steps backwards. This will obviously just add to your frustration but don't expect much co-operation from colleagues as your own intensity and unsympathetic way of behaving could both threaten and alienate them. Also, this period often indicates a ruthless determination and ambition with the individual not caring who they trample along the road to success. This is not a way to 'win friends and influence people'!

Avoid any legal or official matters during this time - they could become problematic.

This period can also indicate accidents and injury - so care must be taken throughout the period, especially when driving cars or if handling heavy machinery.

December 25th 2017 onwards to January 12th 2018**Black clouds**

Transiting Saturn Opposes your natal Venus

A negative mental outlook could cause you to emanate a black cloud of depression. As others, even close loved ones, will not want to be infected by this doom and gloom, they are likely to avoid you - causing even more depression. It could become a 'vicious circle' of loneliness and feeling unloved - but one that you can break out of if you are aware of what is happening.

This could be a testing time of crisis, hardships and disappointments in romance - truly a time for star-crossed lovers and unrequited love. Or you may find yourself separated from those that you love the most.

Either you, or your lovers, could become much cooler and unsympathetic now causing tensions, conflicts and problems in relationships. Personal restrictions that, up until now, have seemed tolerable will now suddenly seem equally unbearable - you will both want and demand personal freedom. Any new love relationships started around now could prove to be heavy going and more trouble than they are worth.

Delays in communication are likely, for example, a letter or payment may be delayed or lost in the post, or you may find yourself endlessly waiting for some kind of reply via a telephone call or letter. This could lead to frustration and anger.

February 11th 2018 onwards to March 10th 2018**Ladder of success**

Transiting Saturn Trines your natal Pluto

During this period you will be able to pursue your long-range goals and ambitions with determination, application and incredible self-discipline. Whatever you do will seem to run smoothly and turn out well. You are likely to receive much help and support as you steadily climb up the ladder of success, because others will not feel threatened by your presence. Take advantage of any opportunities that are now offered.

Your mood will now be serious, cautious and conservative - but with an air of optimism and confidence. You will possess a great deal of common sense and will feel that your physical and mental needs are in balance with your more acute emotional needs. Personal and professional responsibilities should also be better balanced. Therefore, past problems, stress and tensions should now be more easily resolved.

Practical common sense combined with clear, logical thought should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them in a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

March 4th 2018 onwards to June 2nd 2018**Steady progress**

Transiting Saturn Sextiles your natal Neptune

This will be a time of deep meditation and thought, but nevertheless, also a time when you will be able to channel your energy in a constructive, objective and disciplined manner. No task will seem too great and whatever you start now will probably withstand the test of time. In particular, this will be a time when you will be able to balance your material and more spiritual, idealistic desires.

New friendships may be formed with older individuals or you may have more contact than usual with parents or other, older, members of your family. A problematical issue from the past may now be resolved.

Any job or project that requires you to pay attention to detail, as well as evaluate it as a whole, should now be attended to. In short, this a time for work that requires mental discipline, order and uninterrupted concentration - a time for long terms plans. You may now also choose to research or write about a particular subject, perhaps something to do with history or events, people or objects linked with antiquity or age. Short journeys are likely.

However, there is one strong word of warning during this time - don't take yourself too seriously - don't lose your unique sense of fun!

Emergent or Disorderly Trends

Uranus trends from 13th April 2017 to 12th April 2018

March 4th 2010 onwards to May 21st 2018**Experimentation**

Uranus transits your natal 2nd house

During these few years expect the unexpected regarding financial and career matters, with unexpected losses being just as possible as unexpected gains. Be flexible and willing to take advantage of new opportunities. You will now need to earn your income through work that allows you to express your originality and independence, doing something different from the norm.

April 9th 2017 onwards to May 16th 2017**Live wire**

Transiting Uranus Trines your natal Uranus, REPEATED when retrograde from 24th October 2017 to 8th March 2018. Exact 21st November

During this time you will be a real live wire with mind and body working so fast this week that it will feel like an extra surge of electricity has passed through you - awakening thoughts, ideas and intuitive senses that have always been there, but which have recently been lying dormant. Solutions to problems, which have previously seemed insurmountable, will suddenly come in an instant.

Feeling restless, daring and extremely receptive to new ideas, you will now be looking to do something completely different. Freedom and a sense of independence will be of utmost importance to you so there will be a temptation to break free of any restrictions - be they personal or professional - which are seemingly holding you back and keeping you stuck in a rut.

If you listen to your inner voice and instincts, then this could be a time of tremendous achievements - a time in your life when you are not prepared to take second best. Others will now look to you for leadership. Your aggression and sheer determination will enable you to do things that you've only dreamt of in the past.

April 10th 2017 onwards to May 17th 2017**Strong link**

Transiting Uranus Squares your natal Saturn, REPEATED when direct from 23rd October 2017 to 9th March 2018. Exact 13th February 2018

If things start to go wrong, instead of losing your temper and blaming everyone but yourself - examine the situation carefully and consider what is happening. This is a time of testing. Events will change your life - and you will probably find that the present situation has a strong link with past events and your own past actions.

However, circumstances may bring about sudden and unexpected changes in either your personal or professional life. This will undoubtedly cause a certain amount of friction, especially when every effort or move you make is being blocked. This may be because of previously unforeseen difficulties or obstacles. Also, this will not be the best time to produce good results from a team effort. Try to work alone.

Financial problems could cause legal difficulties. Also, this is a time to beware of sudden accidents. Avoid making business or property related decisions as you may find yourself entangled in legal difficulties.

You may also have problems with parents, or older people in authority - again either in your personal or professional life. Love relationships may also suffer from insecurity and uncertainty. Previously acceptable restrictions will no longer be tolerated.

December 28th 2006 onwards to April 6th 2023**Impressionable**

You may now choose to view life through rose tinted glasses or possibly have difficulty in establishing a sense of self-identity. Meditation or psychotherapy would be helpful. There is also a danger of turning to hard drugs or alcohol to alleviate the harsher realities of life. This is not a good time to gamble or make financial investments. Nevertheless, at its most positive, this should be good time for those in the caring or helping professions as the sensitivity of Neptune will allow you to have compassion with others. Neptune may also surrounded you in a cloud of mystery, which others may find enigmatic, alluring and attractive.
