## Life Planner

Hi Prince Harry, Welcome to your Life Planner

Life Planner interprets the movement of the Sun and planets as they orbit the heavens forming aspects (interacting) with the planets of your birth chart (personality). The dates shown in the report indicate the start date of the event – its effect builds to when exact and diminishes as it moves on and leaves.

### Everyday Activity

Monthly interpretations describe your personal thoughts, feelings and desires. They feature the Sun and the faster moving inner personal planets like Mercury, Venus and Mars which provide everyday activity listed by date together with the duration displayed.

### Life Changing Events

Long-term interpretations indicate important life changing events, that relate to the slower moving Jupiter and outer planets Saturn, Uranus, Neptune and Pluto with sections to explain their effects.as follows:

**Cyclical Theme** - This explains what is happening in relation to other events, where you have come from and where you are going.

**Practical Experiences** - These are the practical everyday events that are likely to occur during this period.

**Psychological Experiences** - How this period will affect you on an emotional and psychological level. It shows the growth experiences that are presented to you.

**Best Time For** - Things to do during this time.

**Activities to avoid** - As it says, what NOT to do.

Please note, at the beginning of your Life Planner, you will find your birth chart and aspect grid with a list of the planet aspects of your birth chart. What follows are interpretations of transiting planets and the aspects, they make to the planet positions of your birth chart.

Your Life Planner should only be used as a helpful guide. At all time, it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

## Retrograde Planets and Why Interpretations Repeat

The word, 'retrograde' means, quite simply, 'directed or moving backward'. Planets don't actually move backward but a complex astronomical process causes some to appear to do so at times – similar to the effect of two trains moving in the same direction and one at a slower speed, or what we see when we look out of the window of a car overtaking another. Briefly, both the slower train or car being overtaken appear to be moving backward.

Each planet in your natal chart represents a particular 'energy'. Retrograde planets, although regarded as being in a 'weakened state' astrologically because energies are drawn inward, offer wonderful opportunities for growth and shouldn't be seen as negative in a natal chart. Retrograde planets hold great astrological significance as they offer opportunities to reflect upon actions or decisions in the past that correlate to the planet's energies and qualities – and what needs to be reassessed and can be improved once the planet moves 'forward', or 'direct'.

Although retrograde planets do not deny us opportunities, they can delay key events in our lives. People with many retrograde planets in their natal chart often must experience steep learning curves before they can experience success in the area of their chart affected by one or more retrograde planets but will have benefited enormously from reflection, assessment and valuable lessons learned along the way!

## Life Changing Events

### Emerging or Overstating Period

Jupiter trends from 29th March 2017 to 28th March 2018

Surround yourself with friends - it is a time for generosity, sharing and having fun! Although at times it can be to your benefit to work alone - this is certainly not one of them. You will work better and play better in a group or team environment.

Unusual opportunities could now come from the most unlikely sources - and these exceptional chances should certainly not be ignored! Romance is well starred - and marriages should benefit during this time. In fact, it is a great period to get married - or set up home with a new partner.

Good fortune should now be on your side. During this time, you will either travel, or encounter people from abroad. Perhaps old ties with friends and family living overseas will now be renewed. You will either be invited to visit, or distant friends and relations are now likely to visit you.

**Best Time For** - Overseas business contacts and friendships. Mixing business with pleasure!

**Activities To Avoid** - this is not a time to be alone.

**December 4<sup>th</sup> to 14<sup>th</sup> 2017****Your Spirits are Lifted**

Transiting Jupiter Conjuncts your natal Saturn

Your life is not as unpromising as you think. There is hope and a ray of sunshine that follows. Hang in there and you will discover what sort of career you want to have and what role you want to play in the community.

This may stimulate you to take a course or want to start your own business. Now you seek some freedom from your responsibilities or you are happy to accept your lot.

Therefore, you may feel the need to take a holiday - which would be good for you. Your superiors have more confidence in you now and reward you accordingly. This is a good time to advance at work.

Remember there is integrity and contentment in doing your duty. Any excess can prove costly, be prudent. You may learn something about your parents or career.

**Best Time For** - Rewarding yourself for past efforts, and planning your future.

**Activities To Avoid** - Being conservative and negative. Spending too much.

**December 26<sup>th</sup> 2017 onwards to January 7<sup>th</sup> 2018****Public Recognition**

Transiting Jupiter Conjuncts your natal MidHeaven

Tremendous progress could now be made in all professional and business matters. Feeling more competitive, confident and ambitious you will now be prepared to work harder than ever before to reach personal goals and ambitions. Promotions and pay rises are likely or your business is likely to expand. You may also receive public recognition or award.

You will now seemingly be in the right place at the right time meeting all the right people. Therefore, the culmination of all present and previous efforts should now bring tremendous success - some people may see this as a lucky break for you - but you know that this success wasn't so much luck as sheer hard graft.

Travel is likely and whilst winging your way around the world new friendships will be formed, probably with influential people who can in some way help to raise your standards of living. For example, they may introduce you to new job opportunities, or provide support in business ventures.

However, beware an element of arrogance with your newly acquired status. A temporary bout of giddiness at such new previously unexplored heights is understandable - but you must learn to quickly adjust and remember that everyone is equal.

**Best Time For** - Study, travel, and establishing powerful alliances.

**Activities To Avoid** - Staying at home and refusing to explore the world.

**January 24<sup>th</sup> 2018 onwards to February 13<sup>th</sup> 2018****Enthusiastic and Eager**

Transiting Jupiter Opposes your natal Moon

You're expansive with your home, and family commitments, as well as your finances. But your expectations are too large, and you make costly mistakes. Over extending yourself financially and emotionally.

You overate that trip or big move and promises from family members fall through. Women are unreliable now or you expect too much of them. Family costs you right now, be prepared. Others expect too much of you emotionally.

**Best Time For** - Budgeting, self-restraint and being realistic.

**June 23<sup>rd</sup> 2017 onwards to July 25<sup>th</sup> 2017**

### Decision Time

Transiting Saturn Retrograde Squares your natal Sun, REPEATED when direct from 25th September 2017 to 24th October 2017. Exact 12th October

### Cyclical Theme

These days are restricting and limiting as you are forced to decide about your ambitions, responsibilities and duty to others. Should you do something for the sake of duty, or be creative and do something for yourself. Development of your ambitions and social life is critical now.

You need to define what sort of career or social role suits you best. If this occurs late in life you may feel bitter because of lost opportunities. Or alternatively, you reap the reward of your efforts and achieve some form of public recognition.

### Practical Experience

These months are not much fun. This, is the time to work hard at fulfilling your ambitions. You are forced to take life seriously, and do something about improving your situation.

This is a period of self-discipline and reputation building. If you can hang on in under pressure, you will be recognized later. If you can't then recognize your own limits and learn to work within them in future.

Recognition is hard to come by now; your perseverance is being tested. Be careful of being negative it will affect your love life. You may feel unloved or romance is unsatisfactory now.

Put effort into loving yourself. Difficulties with parents, men and authority figures. They may be being too hard on you. Not a time for speculation or gambling. Children are a burden now.

### Psychological Experiences

As you come to terms with your responsibilities you will find that your natural desire for fun and pleasure is blocked by restrictions and limitations. Which may frustrate and depress you.

It seems as all the fun as gone out of your life and all there is, is work and more work, responsibilities weigh you down. What you have been avoiding has caught up on you and you must pay the price.

Thus, you may lose confidence and faith in yourself, possibly becoming negative, feeling that you'll never

achieve your ambitions.

Discipline and organization of your goals and life is required so that you can get back on track, and get the time you need to have fun. Also, you may feel unloved, alone and isolated during this time.

It may seem as though you can't get things right now. Don't panic or become too depressed. What is required is that you put effort and time in to fulfilling your goals and the hard work will pay off in the long term.

Do this and then the fun will come back into your life, don't and you will feel depressed. Decisions made and effort put in now will pay benefits in the long run.

**Best Time For** - Hard work, and working through obstacles.

## January 11<sup>th</sup> to 29<sup>th</sup> 2018

### Realistic Expectations

Transiting Saturn Conjuncts your natal Jupiter

#### Cyclical Theme

Socially this is an important time for you as you are now developing a sense of place for yourself in the business and social world in which you move. Your optimism and unbridled faith in your abilities to succeed are being tempered by the hard-cold facts of the business world, social position, and educational system.

Are you measuring up? Do you need more experience, education, or need to move in a new social circle, or have you cracked it? Have you got what it takes to be successful, a leader, or are you a follower, a worker?

The answers to these questions will affect you for the next 30 years and influence the long-range plans that you will be making during this time. If you are under 30, this will be a new start, possibly professionally for you, if you are over 40 it's probably a change in career or social outlook.

**Practical Experiences**

Your business growth and professional life have slowed down during this time. Your debts must be paid off before you move on. Consolidate and organize so that you don't lose everything. In doing so you will increase your reputation within the business community and people will have confidence in you in the future.

**Psychological Experiences**

Extreme highs and lows, balance your life as you move between optimism and pessimism. Caution and slow meticulous progress is the key here. **Psychological Experiences**

Mental maturity.

**Best Time For** - Business discussions, ideal time for signing agreements.

Transiting Neptune Sextiles your natal Ascendant

**Cyclical Theme**

This is a time when you will put friendship and love of others before your own materialistic needs and desires. Increased psychic sensitivity should now give you a deeper instinctive understanding of the thoughts, feelings and needs of others.

**Practical Experiences**

Feeling serene, calm and in control you are likely to feel and be emotionally closer to family and close friends. You will be more concerned with helping friends, family or colleagues who come to you seeking help, support and advice.

Around now, you may also find yourself involved in more activities and new interests which focus on a large circle of friends or club, group or organization.

**Psychological Experiences**

**Best Time For** - Personal insights could now open your inner eye to new levels of spiritual awareness and understanding.

**Activities to Avoid**- Materialistic needs and desires.

**Beginning or Fading Period****June 15<sup>th</sup> 2017 onwards to December 29<sup>th</sup> 2017****Dramatic Transformation**

Transiting Pluto Retrograde Squares your natal Venus

**Cyclical Theme**

It's a major decision time for you. This is a time when partners and other people in your life force you to dramatically transform how you relate to them, and how you run your finances, or otherwise face financial loss and marital separation.

You learn how you give your power away in relationships and how your financial situation is out of control. This pressure forces you to take charge, or lose both love and money.

An old way of relating and attitudes toward money are coming to an end and a new way is beginning. This marks a powerful transition time for you in love and financial security, your value system is being utterly and completely redefined.

**Practical Experiences**

You or partners may be uncooperative. Relationships and money create a lot of pressure and stress right now. This is a time to reduce your overheads and streamline your operation.

The same goes for relationships: it's necessary for you to let go of your old ways of relating, and develop new ones so you can get the best out of life, otherwise you or your partner may leave.

You are ending an old phase of your life, and need to clear up whatever unfinished business there may be clear going on to the next one. If you don't do this, you may run into financial problems with old partners,

insurances, or taxes.

Retrenchment rather than expansion is the key word. Partnerships are stressful and challenging and this could mark a time when partners go their separate ways. Financial activities begun during this time can have disastrous outcomes - even bankruptcy.

### Psychological Experiences

Intense possessiveness and jealousy is likely. Insights during this time have far-reaching consequences. Others push you to look deeply and intensely at what you need to enjoy life, how much money you need, what sort of relationships you need, and what sort of people you want to be associated with.

Take control and change your life, rather than have change forced on you. Sort out your priorities and learn to cooperate with others to achieve them. If you don't, you will experience power plays in partnerships that will force huge changes on you.

Avoid trying to control others, for this will backfire. You may be tempted to have an affair to offset the feeling of being unloved or unappreciated. Let people know that you need to feel appreciated, otherwise this time can be lonely.

**Best Time for** - Financial planning and taking a long hard look at your relationships. Marriage counselling.

**Activities To avoid** - Starting a new relationship, having an affair or borrowing money.

## July 13<sup>th</sup> 2017 onwards to December 9<sup>th</sup> 2017

### Important decision

Transiting Pluto Sextiles your natal MidHeaven

### Cyclical Theme

Sensing inevitable changes in your life, this is a time for restructuring and planning for the future. A time for regeneration. Travel is likely.

### Practical Experiences

You will demand more personal freedom and independence. After all, important decisions can't be made if you are feeling trapped and hemmed in by restrictions.

If properly motivated this could be a time of tremendous achievements. You are ready and able to work extremely hard over a reasonably long period towards successfully reaching personal goals and ambitions.

### Psychological Experiences

Self-confidence and a sense of adventure will also spur you on. You are likely to be much more independent, confident and self-reliant now with ambition and a sense of enterprise, enabling you to take bold steps forward.

Logic and intuition will be well balanced, creating a greater self-understanding of your own motives and goals in life.

**Best Time For** - Acting in ways only dreamed of in the past.

**Activities to Avoid**- Feeling restricted in any way.
