Relationship Forecast

Hi Beyoncé,

Welcome to your Relationship Forecast

Your personal Relationship Forecast provides unique and detailed insight into long-term astrological influences affecting your closest and most intimate connections as well as a short-term summary of what you can expect and prepare for.

You'll notice this document outlines various 'trends' influencing and shaping your relationships over varying periods of time. 'Longer-term trends' highlight 'behind the scenes' activity and where you'll likely need to accept gradual change. 'Steady or challenging trends' indicate where stability likely exists in your relationship world but also where you need to prepare yourself for a helpful learning curve of some kind. 'Emergent or Disorderly Trends' help you to identify in advance when sudden, unanticipated developments – and often of the delightful kind - might occur.

You might also notice certain aspects involve planets experiencing 'retrograde motion', an illusion that makes a planet appear to be moving backward. This offers an excellent opportunity for reflection and often something to be learned from the past that be applied helpfully to the present and future.

Being able to monitor cosmic support available to you will help you to understand better your attitude toward relationships with others - or possibly one person in particular. This can be invaluable in helping you to form - or strengthen - bonds in ways you've dreamed of.

Please note, at the beginning of your Relationship Forecast, you will find your birth chart and aspect grid with a list of the planet aspects of your birth chart. What follows are interpretations of transiting planets and the aspects, they make to the planet positions of your birth chart.

Your Relationship Forecast should only be used as a helpful guide. At all time, it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

Long Term Trends

Restarting or Fading Trends

Pluto trends from 29th March 2017 to 28th April 2017

March 23rd 2017 onwards to May 17th 2017

Acknowledge your choices

Transiting Pluto Retrograde Squares your natal Venus

'Resistance is futile'. Such words often get said by evil doers in films and comic books. Although you might see a certain situation in your personal world as unworthy of resisting through lack of choice, the truth is, you do have a choice.

This surrounds whether or not you should stay in a certain situation or leave it. You have a powerful fascination with it. You are likely captivated by it because part of you wants to be captivated by it. It is your willingness to be fixated that is giving the strong impression that you are 'stuck' in some way.

That's where the bit about choice being available to you earlier applies. Use the intent focus you're being granted now to ensure what you focus on really is worthy of your attention.

Don't be distracted by distractions. Focus on the obsession that excites you most.

March 27th 2017 onwards to May 13th 2017

Be flexible and positive

Transiting Pluto Retrograde Squares your natal Ascendant

Are you holding the reins firmly in your hands? It appears, where your relationship with more than one person is concerned, they believe control is more theirs than yours.

It would be easy to involve yourself with power struggles at this time but make a point of looking at what the underlying cause of such struggles actually is. Might you and someone else actually want the same thing but feel it is necessary to go about attaining it in different ways?

Avoid the tendency to be self-protective. Enough tension exists without you adding to it by being inflexible and intolerant. Your relationship world is undoubtedly changing and, in particular, so too is your relationship with one person in particular. This can be an extremely positive and pivotal time provided you're receptive to what is changing.

Month-by-Month Forecast

Forecast for 29th March to 29th April 2017

Sunday 26th March

Distancing yourself

Transiting Venus Retrograde Opposes your natal Mercury from 26th to 30th March 2017. Exact 29th March

Are you able to feel the tug being made on your heart? It appears someone or something wants all you're able to give plus a little more besides. You're also likely very aware of how finite what you can supply actually is and that's why the challenge facing you in your personal world surrounds defining, explaining and sticking to the limit that exists.

You can do this without fear or shame. You can also achieve this through backing away from situations you know you don't need to involve yourself with. Sidestep any debate, discussion or disagreement that you can afford to remove yourself from.

Distancing yourself will ensure that no accusation can be made your direction about being manipulative or trying to engineer situations to your advantage. Relax and you will soon see how whatever is concerning you now will sort itself out in a way that truly pleases and heartens you.

Monday 27th

Full attention and concentration required

Transiting Sun Opposes your natal Saturn from 27th to 30th March 2017. Exact 29th March

There's no shirking a duty or obligation now. We know when we have to take something seriously that we've been putting off for some time and now is such a time.

Make no mistake, within an area of your personal world, you're about to accomplish something impressive, significant and meaningful despite the fact that you can hardly expect a peaceful, quiet time doing so. There's something you have to do or somewhere you need to be and whatever-it-is requires your full attention and concentration.

There is, though, something amusing or ironic within all that's happening. What appears so very serious does have, fortunately, something within it capable of making you smile. You are very able to discover this and succeed admirably with what needs your attention now.

Also on Monday

Embrace long awaited change

Transiting Venus Retrograde Trines your natal Mars from 27th March 2017 to 1st April 2017. Exact 30th March

It's not often we have to pinch ourselves in order to believe something is happening to us. It's great when we find ourselves so amazed at what has transpired that we have to do something to confirm we're not dreaming.

You could be tempted to do something similar as a development appears to be unfolding that you've wanted to see happen for a long time. A new phase of your life is about to begin and you have an exceptional opportunity to 'break new ground' where your personal world is concerned.

Where certain relationships are concerned, there are rules that can be rewritten and horizons expanded. All that is required from you is confidence mixed with a tiny amount of courage. Be brave and accepting of the long awaited change unfolding now. Above all, believe it is yours for the taking.

Thursday 30th March**Avoid going to extremes**

Transiting Sun Opposes your natal Jupiter from 30th March 2017 to 2nd April 2017. Exact 1st April

Do you need a telephone box to get changed in? Or is your superhero suit something you wear beneath your clothing in order to make yourself available to save the day at a second's notice?

You could, at this time, believe yourself to be superhuman and inclined to reply and respond to cries for help from certain quarters or a particular person. Some of these might be genuine but be assured that some of them are not.

Your judgment of a situation in your personal world could be regarded as extreme. You could convince yourself that a seemingly extreme situation requires extreme measures. It's important you recognize your limitations. It's not your responsibility to go to great lengths to prove a point or yourself in some way. Relax and accept that a more relaxed and softer stance will be much more beneficial to you and others.

Friday 31st**Is a plan worthy of your efforts?**

Transiting Mercury Squares your natal Mars from 31st March 2017 to 3rd April 2017. Exact 2nd April

The word 'passion' has several uses and connotations. We also know when the time is right to invest energy in a plan or pursuit and it is the need to give your all to something combined with impatience or urgency that could be fuelling passion in some way now.

Ideas, suggestions and situations could be coming thick and fast now which may not be helping matters and, where your relationship with a certain person is concerned, you are likely to need to show restraint if a confrontation is to be avoided or an ill-thought-through proposal or suggestion gets made.

Slow down and assess if what you're planning is deserving of energy you're inclined to give it. If it is, then give it your all and don't look back. If you have reservations, then trust they exist for a good reason.

Thursday 6th April**Everyone has an opinion**

Transiting Mars Opposes your natal Moon from 6th to 9th April 2017. Exact 8th April

Many hands, we are told, make light work. The thing is, when many hands become involved, so too do many opinions. Suddenly, others see a need to provide unhelpful input or cast negative judgment and you could be seeing evidence now of a need to defend yourself against certain people who believe they're right to criticize you in some way.

What started off a cooperative venture may have become strained or divided through clash of opinion. You know, in your heart, what is right and makes sense. Trust that, in time, others who can't see or feel what you feel will do so before long.

Also on Thursday**Commanding respect**

Transiting Mars Sextiles your natal MidHeaven from 6th to 10th April 2017. Exact 9th April

If we want respect, we must command it. We need to be seen in the eyes of others as deserving of respect. You have an excellent opportunity now to gain respect in the eyes of certain others – or a certain person – but are likely to have to invest some effort to prove your worthiness of it.

This needn't require considerable effort on your part. An opportunity exists for you to take the lead in some way and through making clear what you need and why you need it, you could find more than one person responds positively - and will respect you for doing so!

Friday 7th April**Is it worth the effort?**

Transiting Sun Opposes your natal Venus from 7th to 10th April 2017. Exact 9th April

Are you aware of a demand being made on your heart or even your bank balance? Someone is likely wanting more time, attention or resources than you're likely able to spare.

This could be resulting in a perceived need on your part to placate them but don't succumb to the belief that it's fair to be expected to do the impossible.

If you're experiencing stress or tension with regard to your relationship with a certain person, then consider if you're actually secretly enjoying the exhausting exchange or are possibly being forced in some way to have it.

If it's the former, then stop responding. This might put you in a temporary advantage, but perhaps that's all you need in order to take stock of where you're going and what or whom you truly want.

If it's the latter, then do the above! It's wonderful to want something or someone so badly but at what price? It's time to decide if all you're having to go through and tolerate really is worth the effort.

Also on Friday**Form a very helpful bond**

Transiting Sun Opposes your natal Ascendant from 7th to 10th April 2017. Exact 9th April

Some people thrive in their own company. They know what they like and like what they know. Yet, even those who feel no need to collaborate or seek advice from others succumb from time to time to the concept that much can be gained from syncing in some way or on some level with others.

In your personal world, there's much to be gained from 'joining forces' with or allowing yourself to be drawn toward certain others - or one person in particular. If you're willing to let your guard down even briefly, then you'll find there is much enjoyment to be had and delightful progress to be made through one-on-one activity, negotiating or even putting yourself in someone else's shoes to understand them or a situation better in some way.

If you're struggling with a decision, then you won't have to look very hard to find someone willing to hear what it is you're struggling with and a lovely bond could result from the old adage 'two heads are better than one'.

Sunday 9th**Go solo - for now**

Transiting Sun Squares your natal MidHeaven from 9th to 12th April 2017. Exact 11th April

Many of us adhere to the old saying, 'if a job's worth doing, it's worth doing properly'. An extension of this saying goes 'if a job's worth doing, then it's worth doing yourself' in the belief that, sometimes, if we want something to be done in a way we will be satisfied with, then we must undertake to do it ourselves.

In your personal world, there is something that you ought to consider doing solo without help or intervention from others. You could be prone to negative criticism from one or two people, possibly those you believe to be authoritative in some way, who don't quite connect with what it is you're trying to achieve.

This doesn't make them or you wrong. It means you have some work to do in order to reassure certain people or a certain person that an ambitious plan is viable. That's why you might need to 'go it alone' for the time being to gain support and understanding where both might be unavailable now.

Sunday 9th April**Reasons to be hopeful**

Transiting Sun Trines your natal Neptune from 9th to 12th April 2017. Exact 11th April

If we're presented with paper money in any currency, provided we're reassured it's genuine then we're willing to accept it's worth what we understand it to be worth. We don't need to see the same value in coins to reassure us. We take at face value what we see on paper.

We underestimate sometimes how important it is to have faith in what we can see but we know how investing faith in something we can't see isn't always as easy. That's where intuition comes in.

You need to use and trust your intuition now. Above all, be willing to be optimistic and seek the hidden, practical advantage in any development that arises, not matter how daunting it might appear.

Even if you feel you might struggle to do any of the above, then relax. You're about to be given a very good reason to feel more hopeful where you have felt pessimistic of late. From there, the rest will be up to you as long as you're willing to trust what your deepest instincts tell you.

Monday 10th**Bring it out into the open**

Transiting Sun Opposes your natal Pluto from 10th to 13th April 2017. Exact 12th April

Artists know when to walk away from their masterpiece. As tempting as it might be to add another dab of paint here or there, they reach a point where they know enough is enough and further adding will risk ruining what they've worked hard to create.

In your personal world, there is more going on than meets the eye. A need exists for you to get right to the root of a particular issue and, to do this, you're going to have to know when the time is right to cease 'adding' to it. You're going to have to dig deep within your inner wisdom to know when to step back and decide that you don't want to add any more to something that needs nothing more added to it.

This will require you to face up to a few difficult facts. Something needs to be brought out into the open and exposed – without secrecy or hidden agendas that might have been a part of it until now.

Once you're able to look at the issue objectively and fairly, you'll soon see how much easier it is to make progress and bring considerably closer a cherished goal you've long wanted to be within reach.

Sunday 9th**The power of imagination**

Transiting Venus Retrograde Trines your natal Uranus from 9th to 20th April 2017. Exact 15th April

What do we mean we say someone is 'imaginative' or 'creative'? We tend to associate such words with possessing artistic or musical abilities yet there are many people who possess no writing, artistic or designing abilities who are blessed with potent imaginations.

Sometimes, to make progress when we feel we're struggling, we have no option other than to apply some creative thinking and, In your personal world, that's precisely what you're being encouraged to do.

Through adopting an open mind and being willing to apply imagination, you're extremely well placed to set your personal, emotional or romantic life on a firmer, more meaningful - and hopefully less stressful – footing. To achieve this, you need to take a brave step into the unknown and, by applying imagination and creativity you're blessed with now, can achieve wonderful and heartening success.

Thursday 13th April**Going solo**

Transiting Mars Opposes your natal Uranus from 13th to 17th April 2017. Exact 16th April

If a job is worth doing, then many of us subscribe to the old adage about it being done singlehandedly and without help from others. If we believe ourselves to be the best person to perform a certain task, then it is either because nobody else has come forth to do it or we have little or no faith in their ability to do it as well as we believe we can.

As willing as a certain person might be to lend a hand, you'd probably do a better job of letting them down gently by explaining you intend to go solo where the task in question is concerned.

On this occasion, it does appear you will perform it in a way that you'll be satisfied with. Break the news to someone else gently.

Saturday 15th**Is a plan worthy of your efforts?**

Transiting Mercury Retrograde Squares your natal Mars from 15th to 19th April 2017. Exact 18th April

The word 'passion' has several uses and connotations. We also know when the time is right to invest energy in a plan or pursuit and it is the need to give your all to something combined with impatience or urgency that could be fuelling passion in some way now.

Ideas, suggestions and situations could be coming thick and fast now which may not be helping matters and, where your relationship with a certain person is concerned, you are likely to need to show restraint if a confrontation is to be avoided or an ill-thought-through proposal or suggestion gets made.

Slow down and assess if what you're planning is deserving of energy you're inclined to give it. If it is, then give it your all and don't look back. If you have reservations, then trust they exist for a good reason.

Wednesday 19th**Calm after the storm**

Transiting Sun Squares your natal Mars from 19th to 22nd April 2017. Exact 21st April

The interesting and helpful thing about most storms is, we have some idea they're coming. We're often given some degree of warning, even if that warning is at short notice.

In your personal world, a storm is undoubtedly brewing but it's one that you're very prepared for. You needn't be concerned about its strength or any likelihood of being blown off course.

Expect, once the proverbial skies clear, to see how safer and stronger you are. Where your relationships with certain people or one person in particular are concerned, you're about to see reasons why you don't have to be everywhere at once and going to great lengths to please or placate those who demand you should.

The one person who truly deserves effort you're prepared to give to please them is you. Once you return to focusing more on this, much in your world will become plain sailing, once again.

Friday 21st April**Drop the defenses**

Transiting Mars Sextiles your natal Mars from 21st to 25th April 2017. Exact 23rd April

Many people say they don't care what others think of them. In truth, that's rarely the case. We all, to some extent, care what others think and prefer them to think well of us.

Something that does have a tendency to cause others to think otherwise is our focusing on our own needs even at the cost of others.

You are likely very aware now of how and why you ought to be putting your own needs and desires first and if you're wanting to embark upon a new relationship or strengthen an existing one, then this is likely to cause one or two problems.

Look closely at how defensiveness might be playing a part in this – and then look more closely at why you have no reason to feel quite so defensive!

Saturday 22nd**Let it all out**

Transiting Mars Trines your natal Mercury from 22nd to 26th April 2017. Exact 24th April

Sometimes, our brains work much quicker than our mouths. We struggle to make a point or convey certain information to others because we struggle to process vast information that wants to go from our heads to our mouths.

There appears to be much you want to say or convey now and it's a case of trying to assess and make sense of it all yourself before doing so. Don't struggle now with making a point or three. Don't be concerned with whether or not you're saying the 'right thing'.

Focus only on what you know need to be said and let it come out in the way it chooses to. All that matters now is that certain points are made and are no longer bottled up.
