## Forecaster

Hi Barack,

Life, in common with the planets, moves in cycles and knowing when those cycles begin and end is invaluable when it comes to living your life to the full. There will not always be an exact transit or interpretation shown for every day.

As the planets move around the zodiac they form angles or 'aspects' to the planets in your birth chart. In astrology, these 'aspects' are known as 'transits' and your personal transits are interpreted in the pages that follow, together with the exact date each planet enters the orb of influence and finally exits.

Your Forecaster details the movements of the Sun, Mercury, Venus and Mars - known as the personal inner planets - that signify variations in your level of vitality and your feelings, what you value most as well as the way you think and assert yourself.

Events therefore occur in differing ways according to the natal planet positions outlined in your birth chart. There will not always be an exact transit or interpretation shown for every day.

Please note, at the beginning of your Forecaster, you will find your birth chart and aspect grid with a list of the planet aspects of your birth chart. What follows are interpretations of transiting planets and the aspects, they make to the planet positions of your birth chart.

Your Forecaster should only be used as a helpful guide. At all times, it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

## Retrograde Motion and Why Interpretations Repeat

Sometimes you will notice the interpretation is repeated, because at certain times, when viewed from the Earth, the planet involved may appear to move backwards, then forwards over a specific period, re-creating the same 'transit' several times.

Like when 2 trains travelling in the same direction, pass one another at different speeds, the slower train when viewed from the fast one appears to go backwards. This apparent backwards motion of planets is known as 'retrograde' motion, when this occurs it is indicated by the RX retrograde symbol.

Astrologers treat triple transits quite seriously as it shows where you have an opportunity to think again about your actions before the aspect finally completes.

This is, in fact, a common event. It happens when the transiting planet goes retrograde. The transiting planet contacts the natal planet first moving forward ("direct"), then it appears to reverse direction, contacting the natal planet a second time.

Whatever began on the "first contact" may seem to reverse itself, seemingly needing to be reconsidered and re-attempted - the scheme, conversation or relationship isn't going forward as originally expected.

Then, when the retrograde is over, the transiting planet advances again ("goes direct"), and connects with the natal planet again! For this reason, Forecaster report shows the repeated time periods when they occur.

## Long Term Trends

### Developing or Exaggerating Trends

Jupiter trends from 3rd July 2018 to 2nd July 2019

#### October 10<sup>th</sup> 2017 onwards to November 3<sup>rd</sup> 2018

##### Horizons

Jupiter transits your natal 9th house

This is a time when your views on life will mature and change. You may now have opportunities for long distance travel, for study and also for teaching others. If you are unable to travel, you may have more contact with foreigners or people from different backgrounds or cultures. This is an excellent time for anyone connected with the media, especially writers and publishers.

♃ 9<sup>th</sup>

#### June 27<sup>th</sup> 2018 onwards to July 21<sup>st</sup> 2018

##### Expectations

Transiting Jupiter Squares your natal Sun

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. Beware trying to accomplish too much too fast.

♃ □ ☉

Financial extravagance and blind optimism could deplete your cash flow. You may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes. Money could also be squandered through being over-generous. Generosity is a virtue, but not when it is clouded by ulterior motives.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Wanderlust could lead to travel, especially if you feel the urge to escape daily routine and responsibilities.

#### August 30<sup>th</sup> 2018 onwards to September 13<sup>th</sup> 2018

##### Look before you leap

Transiting Jupiter Squares your natal Ascendant

This is a time when you will try to use other people, be they either personal or business contacts, to get ahead in life. But beware arrogance and be careful not to end up taking everything and giving nothing in return. Remember to help those who have helped you.

♃ □ AS

Financial extravagance and blind optimism could also deplete your cash flow - you may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your conduct selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom and then refuse to give it!

**September 27<sup>th</sup> 2018 onwards to October 8<sup>th</sup> 2018****Enthusiasm and self confidence**

Transiting Jupiter Sextiles your natal Mars

This should be a period of steady growth, especially in all business, legal and financial matters. Also, understanding that you are likely to need the support and co-operation of friends and colleagues, you will win their trust and confidence through honest, fair dealings. Not feeling threatened; they will help you along the path of success.

With energy levels, enthusiasm and self-confidence running high - there is very little that will get you down, or stand in your way, as you diligently strive towards reaching definite goals and ambitions. You know exactly what you want and intend to get it! For now, split second decisions can be made accurately and quickly with excellent timing - there will be no dithering. Success will create more motivation and that in turn will bring more success!

But don't just sit back and expect opportunities to just 'drop into your lap'. You must be prepared to both look for, and create, new opportunities for yourself.

Physical strength and health should also improve around this time.

**October 11<sup>th</sup> to 22<sup>nd</sup> 2018****Future plans**

Transiting Jupiter Sextiles your natal Saturn

This would be the perfect time to plan for the future as you will be prepared to explore and expand into new areas, but with a certain element of caution. This is a time when a sense of adventure is perfectly balanced with good, old-fashioned common sense! This is a time for learning and for turning dreams into reality. Make the best of any opportunity that comes your way.

All financial matters and investments should proceed smoothly and could prove extremely lucrative. Being more seriously minded now regarding money, you will not be willing to take risks and all financial strategies will now be well planned. Promotion or business expansion is likely.

Help and support may come from established and respectable sources, possibly from older people, or from your parents, or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

**October 11<sup>th</sup> to 21<sup>st</sup> 2018****Keep the breaks on**

Transiting Jupiter Squares your natal Uranus

Freedom will be very important to you now. Interference in both your personal and professional life will not be tolerated. Restrictions on your independence will seem equally intolerable.

Feeling restless, and perhaps a little bit tetchy, it will be very difficult to settle down during this time. Mood swings will make your conduct unpredictable. Unexpected major changes are also likely to occur. These changes may be lucky breaks or they could be extremely disruptive to daily routine!

Patience will be needed during this time so don't rush plans and ideas. Don't fight against others and be negative simply for the sake of it! Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles.

There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

**October 28<sup>th</sup> 2018 onwards to November 7<sup>th</sup> 2018****Giddy heights**

♃ ♂ MC

Transiting Jupiter Conjuncts your natal MidHeaven

**Start of new 11-12 year period of 'professional achievement'**

Tremendous progress could now be made in all professional and business matters. Feeling more competitive, confident and ambitious you will now be prepared to work harder than ever before to reach personal goals and ambitions. Promotions and pay rises are likely, or your business is likely to expand. You may also receive some kind of public recognition or award.

You will now seemingly be in the right place at the right time, meeting all the right people. Therefore, the culmination of all present and previous efforts should now bring tremendous success - some people may see this as a lucky break for you - but you know that this success wasn't so much luck as sheer hard graft.

Travel is likely and whilst winging your way around the world new friendships will be formed, probably with influential people who can in some way help to raise your standard of living. For example, they may introduce you to new job opportunities, or provide support in business ventures. However, beware an element of arrogance with your newly acquired status. A temporary bout of giddiness at such new, previously unexplored, heights is understandable - but you must learn to quickly adjust and remember that everyone is equal.

**November 3<sup>rd</sup> 2018 onwards to March 26<sup>th</sup> 2019****Reputation**♃ 10<sup>th</sup>

Jupiter transits your natal 10th house, REPEATED when retrograde from 26th April 2019 to 4th November 2019

Energies will now be concentrated on your career. Feeling confident and optimistic, this could be a time of tremendous professional progress. Recognition and rewards for previous hard work are likely. However, do beware exaggerating your capabilities or promising more than you can deliver. You may have to travel in connection with your work or have contact with foreign companies or individuals working abroad.

**November 6<sup>th</sup> to 16<sup>th</sup> 2018****Lessons to learn**

♃ ✖ ♃

Transiting Jupiter Sextiles your natal Jupiter

This is a time of learning, a time when lessons and knowledge can be absorbed more easily. Life will flow more easily and much can be accomplished with seemingly very little effort.

This could be a period of steady growth, especially in all business, legal and financial matters. Also, understanding that you are going to need the support and co-operation of friends and colleagues, you will win their trust and confidence through honest and fair dealings. Not feeling threatened; they will help you along the path to success.

Relationships with family, those in your immediate locale and close friends should also improve.

The possibility of travel to foreign lands is likely. If you are unable to travel, then expect some contact or communication with foreigners or family and friends living abroad.

**November 13<sup>th</sup> to 23<sup>rd</sup> 2018****Confident**

Transiting Jupiter Trines your natal Mercury

You will instinctively know how to communicate your thoughts and emotions during this time. Because of your air of confidence, honesty and sincerity, others will trust your words and plans. They will assume that you are in total control of your actions and you probably will be! This will be an excellent time to make long-term plans for the future.

It is also good news time! You are likely to hear or receive some kind of news around now which should lift your spirits. This could be in any area of your life - romance, career, business or health.

This is certainly a time to take advantage of any opportunities that come your way, especially if they involve travel. If travel isn't possible at the moment then you could still hear or receive news from someone overseas or abroad; someone you haven't heard from in quite some time.

Taking up some kind of new study or retraining could also work to your advantage. Be brave enough to take a bold step forward towards a new path or direction. Any decisions made now should work to your benefit even if you don't reap instant rewards.

**November 18<sup>th</sup> to 27<sup>th</sup> 2018****Take it easy**

Transiting Jupiter Opposes your natal Moon

Talk about an expensive time ahead! Unless you want to bleed your bank account dry, then hide your bank book, cash and credit cards. During the next few weeks everything will seem like a bargain that can't be missed. Unless you are reasonably discriminating in your purchases you may end up buying items of furniture, clothing, and adornments, in fact, anything and everything - all of which, in a few months time, you will neither need nor want. Enjoy the shopping spree - but buy quality rather than quantity!

This will also be a time of harking back to the past - remembering sentimental dreams and journeys. This will certainly not be a time of tremendous achievements - you will much prefer to lose yourself in your own world of fantasy and daydreams. Or you will be so busy having fun and meetings that other more serious responsibilities may be ignored. If you are worried about your weight, then be particularly careful with your diet as unwanted pounds could easily be gained around now and not so easily shed in weeks to come!

Avoid making important decisions - wait until your feet are more firmly on the ground. Take particular care with all career, business and property matters.

**December 4<sup>th</sup> to 14<sup>th</sup> 2018****Unrealistic expectations**

Transiting Jupiter Squares your natal Pluto

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. In trying to achieve too, much too fast, your relentless efforts and lack of diplomacy may also cause conflicts with others.

You may now try to restructure your life - but again, you may find yourself fighting against limiting restrictions or obstacles. This urge to rebuild or start a new phase in your life could manifest through your inner self and personality - or you may actually find yourself involved in tangible rebuilding of a property or community scheme. Either way, this will be a time for regenerative expansion.

Personal and love relationships could also find themselves in the firing line - you could become the victim of a misunderstanding, or someone you love and trust could now be trying to take advantage in some way. Or, this insincere and manipulative way of behaving may originate from you, being directed towards unsuspecting loved ones.

Beware becoming involved in dubious financial schemes. Legal matters may cause worry and headaches.

**December 29<sup>th</sup> 2018 onwards to January 9<sup>th</sup> 2019****Sit back and enjoy**

Transiting Jupiter Trines your natal Sun

This should prove an extremely pleasant, easygoing, and possibly, even lucky period in your life. It is time to just sit back and enjoy all of life's pleasures that come your way!

However, many of you may now be too confident, ambitious and just too restless to sit back and wait for opportunities to come to you! So if you are willing to get the very best out of life and create new chances, change and opportunities for yourself - then you should now expect even more success, rewards and riches. Follow your instincts. As long as you don't tread on other people's toes climbing up the ladder of success, this is a time when you really can't go wrong. Travel could be linked with work - so you could find yourself mixing business with pleasure!

Financially, this could prove to be an extremely successful and lucrative time. Feeling confident that you have the Midas touch, you will be willing to take a few calculated risks. Just make sure that they have been properly considered before rushing headlong into making major financial commitments.

But one word of warning - do watch your weight, especially if you choose the former option of just sitting back and enjoying life. Relaxing holidays taken now will probably be extremely pleasant, lazy and laid back - but extra pounds gained devouring all that wonderful food will take months and months to shed. Be warned!

**January 26<sup>th</sup> 2019 onwards to February 8<sup>th</sup> 2019****Business and pleasure**

♃ ✖ AS

Transiting Jupiter Sextiles your natal Ascendant, REPEATED when retrograde from 13th to 30th June 2019. Exact 21st June

Surround yourself with friends - this is not a time to be alone, it is a time for generosity, sharing and having fun! Although at times it can be to your benefit to work alone - this is certainly not one of them. You will work better, and play better, in a group or team environment. Unusual opportunities could now come from the most unlikely sources - and these exceptional chances should certainly not be ignored!

Romance is likely and marriages should benefit during this time. In fact, it is a great period to actually get married - or set up home with a new partner. Good fortune should now be on your side.

During this time you will either travel or come into contact with people from abroad. Perhaps old ties with friends and family living overseas will now be renewed. You will either be invited to visit or distant friends and relations are now likely to visit you.

Overseas business contacts and friendships could also now either be forged or renewed. This would be an excellent time to mix business with pleasure!

**February 25<sup>th</sup> 2019 onwards to March 18<sup>th</sup> 2019****Arrogance**

♃ □ ♂

Transiting Jupiter Squares your natal Mars, REPEATED when retrograde from 2nd to 24th May 2019. Exact 14th May

During this period you really will not take no for an answer! However, avoid being narrow-minded - you can't be right all the time - and definitely don't allow your sense of self-importance to become over-inflated.

Being self-assertive is one thing, but at times, over-confidence can seem rather arrogant and opinionated to others. Unfortunately, lacking both tact and moderation, this is a time when you could really put your foot in it! Slow down a little, both in thought and action.

Beware extravagance in all financial, business and career matters. Avoid exaggeration and don't promise more than you can deliver. Don't become involved in shady business deals that are just slightly on the wrong side of the law. This would certainly not be the best time to fight any legal battles.

You could have problems with people in authority during this time - taking orders and instructions could prove somewhat difficult, as you will be under the impression that you know better. Your conduct could even become somewhat threatening.

Anything to do with foreigners, foreign places or travel could be somewhat precarious during this time - so avoid taking foolish risks. If on holiday, then don't, for example, go for a moonlight stroll through the seedy end of a foreign town. Stay in safe and well-lit areas.

**March 26<sup>th</sup> 2019 onwards to April 26<sup>th</sup> 2019****Friendships**♃ 11<sup>th</sup>

Jupiter transits your natal 11th house

Companionship will be of particular importance to you now, and you will become more involved in social or group activities. Working in a team effort would now benefit you more than trying to go it alone. You need to be surrounded by people so that you can learn more about yourself through them. Friends will be more supportive than usual, and could bring you luck in some way. Generosity towards friends will increase, perhaps surprising them with small gifts, throwing a party or simply by being there with a sympathetic shoulder to lean on.

**April 2<sup>nd</sup> to 17<sup>th</sup> 2019****Unexpected opportunities**

Transiting Jupiter Retrograde Trines your natal Uranus

Feeling restless, daring and extremely receptive to new ideas, you will now be looking to do something completely different. Freedom and a sense of independence will be of utmost importance to you so there will be a temptation to break free of any restrictions - be they personal or professional - which are seemingly holding you back and keeping you stuck in a rut.

However, putting other people's needs before your own, you will not be selfish in whatever action you take. If you are going to break free, then it will be done in such a way as to consider other's feelings. In fact, during this time, new, exciting and unusual friendships could be formed.

Take advantage of any sudden and unexpected opportunities - they just may be the chance you've been waiting for! Don't dither - now is the time to be quick and decisive - be willing to take a few risks, grab the opportunities and make the best of them before they disappear! Travel is likely during this time.

This period is one of the luckiest, so there may also be a sudden, unexpected, windfall or good fortune coming your way; perhaps resulting from an inheritance, legal or insurance matter or, you may benefit financially from investment or speculation. Feeling generous, you will be willing to share any good fortune.

**Steadying or Challenging Trends**

Saturn trends from 3rd July 2018 to 2nd July 2019

**October 24<sup>th</sup> 2017 onwards to March 17<sup>th</sup> 2019****Collaboration**

Saturn Retrograde transits your natal 11th house, REPEATED when retrograde from 13th June 2019 to 10th December 2019

At the moment your friends may either present you with the challenge to face your deepest insecurities and inhibitions, or they may become something of a burden - dumping their problems onto you. You must resist the temptation to feel responsible for taking on problems that they should be dealing with themselves. There is also the possibility that some friendships or associations will end or be less easygoing than usual. You may now find it difficult to work with others but if you overcome obstacles and become a team player, the future rewards could be well worth the effort.

**August 18<sup>th</sup> 2018 onwards to September 23<sup>rd</sup> 2018****Black clouds**

Transiting Saturn Retrograde Opposes your natal Venus

A negative mental outlook could cause you to emanate a black cloud of depression. As others, even close loved ones, will not want to be infected by this doom and gloom, they are likely to avoid you - causing even more depression. It could become a 'vicious circle' of loneliness and feeling unloved - but one that you can break out of if you are aware of what is happening.

This could be a testing time of crisis, hardships and disappointments in romance - truly a time for star-crossed lovers and unrequited love. Or you may find yourself separated from those that you love the most.

Either you, or your lovers, could become much cooler and unsympathetic now causing tensions, conflicts and problems in relationships. Personal restrictions that, up until now, have seemed tolerable will now suddenly seem equally unbearable - you will both want and demand personal freedom. Any new love relationships started around now could prove to be heavy going and more trouble than they are worth.

Delays in communication are likely, for example, a letter or payment may be delayed or lost in the post, or you may find yourself endlessly waiting for some kind of reply via a telephone call or letter. This could lead to frustration and anger.

**November 11<sup>th</sup> 2018 onwards to December 2<sup>nd</sup> 2018****Ladder of success**

Transiting Saturn Trines your natal Pluto

During this period you will be able to pursue your long-range goals and ambitions with determination, application and incredible self-discipline. Whatever you do will seem to run smoothly and turn out well. You are likely to receive much help and support as you steadily climb up the ladder of success, because others will not feel threatened by your presence. Take advantage of any opportunities that are now offered.

Your mood will now be serious, cautious and conservative - but with an air of optimism and confidence. You will possess a great deal of common sense and will feel that your physical and mental needs are in balance with your more acute emotional needs. Personal and professional responsibilities should also be better balanced. Therefore, past problems, stress and tensions should now be more easily resolved.

Practical common sense combined with clear, logical thought should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them in a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

**November 28<sup>th</sup> 2018 onwards to December 16<sup>th</sup> 2018****Steady progress**

Transiting Saturn Sextiles your natal Neptune

This will be a time of deep meditation and thought, but nevertheless, also a time when you will be able to channel your energy in a constructive, objective and disciplined manner. No task will seem too great and whatever you start now will probably withstand the test of time. In particular, this will be a time when you will be able to balance your material and more spiritual, idealistic desires.

New friendships may be formed with older individuals or you may have more contact than usual with parents or other, older, members of your family. A problematical issue from the past may now be resolved.

Any job or project that requires you to pay attention to detail, as well as evaluate it as a whole, should now be attended to. In short, this a time for work that requires mental discipline, order and uninterrupted concentration - a time for long terms plans. You may now also choose to research or write about a particular subject, perhaps something to do with history or events, people or objects linked with antiquity or age. Short journeys are likely.

However, there is one strong word of warning during this time - don't take yourself too seriously - don't lose your unique sense of fun!

**March 17<sup>th</sup> 2019 onwards to June 13<sup>th</sup> 2019****Fine tuning**

Saturn transits your natal 12th house

You may be more suspicious than usual of other people's motives. You may even feel the need to completely withdraw from others in order to realign mind, body and soul, but those who do not know you well may feel they are being rejected. This is also a time when you are likely to get rid of anything that restricts your freedom or limits you. You may find it difficult to make a commitment to anyone or anything out of a fear of losing your own individuality. If you can find the courage for some honest self evaluation, and get to the root of what is really bothering you, then you will find or rediscover the courage of your convictions.

   ♀

Transiting Uranus Squares your natal Mercury, REPEATED when direct from 31st March 2019 to 6th May 2019. Exact 19th April

Your mind will be like quicksilver during this period - restless and constantly flitting back and forth between dozens of different ideas and projects. It is no wonder that this could cause mental confusion and exhaustion! Be careful, too, that you don't jump to conclusions, accusing others without enough evidence.

Important personal and business decisions should be postponed until you are less impulsive and more practical in your way of behaving - it would also help if you could concentrate on the matter in hand for longer than 10 minutes at a time! This is not a time to make changes in your life - if anything; you should keep your head down and out of the firing line!

Frazzled nerves could be the result of 'overloading' the system. If your body starts to send out warning signals then don't ignore them - treat your health with the respect that it deserves.

Avoid accidents and injuries, especially whilst on journeys - so care must be taken when driving or operating other heavy machinery.

Rest and relaxation are the order of the day and, if you can, try a little bit of meditation too, anything in fact, that will help soothe raw nerves and prevent a major mental 'overload'.

**September 18<sup>th</sup> 2018 onwards to November 10<sup>th</sup> 2018****Intolerable**

Transiting Uranus Retrograde Squares your natal Jupiter, REPEATED when direct from 2nd March 2019 to 10th April 2019. Exact 23rd March

Freedom will be very important to you now. Interference in both your personal and professional life will not be tolerated. Restrictions on your independence will seem equally intolerable. Your own disruptive and rebellious way of behaving may either surprise or shock others.

Feeling restless, and perhaps a little tetchy, it will be very difficult to settle down around now. Mood swings will make your conduct unpredictable. Unexpected major changes in your life are also likely to disrupt daily routine. You will feel more inclined to gamble and take risks than usual, but beware over optimism or this could lead to costly and unexpected financial expenditure.

Patience will be needed during this time. Don't rush plans and ideas. And don't fight against the needs, plans and wishes of others. To put it simply - don't be negative just for the sake of it! Put temporary brakes on any financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles.

There may also be some conflict between your personal and professional life with one seemingly interfering with the other. Be prepared to compromise - and find a suitable balance between these two important areas of your life.

You may now choose to view life through rose tinted glasses or possibly have difficulty in establishing a sense of self-identity. Meditation or psychotherapy would be helpful. There is also a danger of turning to hard drugs or alcohol to alleviate the harsher realities of life. This is not a good time to gamble or make financial investments. Nevertheless, at its most positive, this should be good time for those in the caring or helping professions as the sensitivity of Neptune will allow you to have compassion with others. Neptune may also surrounded you in a cloud of mystery, which others may find enigmatic, alluring and attractive.

This is your chance to inject some fresh sparkle and meaning into your life, to start afresh and look to the future.

As your mind will be so intuitively sharp, this would also be an excellent time to involve yourself in any form of research or investigation. Not content with superficial answers to questions, you will delve deeply in order to unearth and understand the truth. You may now come across some secret information previously hidden from you. In any case, the answers that you find may completely change your attitude to life and your way of thinking.

Any work that you undertake now may in some way be connected to rebuilding, i.e. redecorating, refurbishing, etc. However, it could also relate to a subtler rebuilding of your inner self, or a restructuring of your daily life, routine and relationships. Expect significant changes in your life during this time.
